DEPARTMENT OF HEALTH & HUMAN SERVICES

ADMINISTRATION FOR CHILDREN AND FAMILIES
Mary E. Switzer Building
330 C ST, S.W.
Washington, D.C. 20201

Case No: 18-F-0097
Civil Action 18-cv-241

January 31, 2019

Ms. Mary Alice Carter
Executive Director
Equity Forward
85 Broad Street
New York, NY 10004

Dear Ms. Carter:

This is the seventh interim response of the Administration for Children and Families to your December 12, 2017, Freedom of Information Act (FOIA) request for correspondence from certain named Administration for Children and Families (ACF) employees which included certain specified terms, for the months of March, May, September and October 2017. Specifically, you sought the following items:

1. Correspondence to, from or carbon copied to[1]:
   Scott Lloyd
   Jonathan White
   Curi Kim
   Judith Haron
   Anna Marie Bena
   Scott Logan
   Tricia Swartz (Associate Deputy, ORR)
   Jallyn Sualog (Director of Children Services)
   James De La Cruz (Houston Field Supervisor)

2. The request asked that the search use the following search terms
   - "pregnancy"
   - "pregnant"
   - "ORR director"
   - "abortion"
   - "ru-486"

[1] The request also sought emails to, from and carbon copying Maggie Wynne and Dr. David Teuscher. However, ACF advised Equity Forward that these individuals work for at the department level and the Office of the Secretary Division of FOI/Privacy has jurisdiction over those records.

AMERICAN OVERSIGHT

- "CPC"
- "ultrasound"
- "rape"
- "nonconsensual"
- "Gestational"
- "judicial bypass"
- "life affirming"
- "unborn child"
- "spiritual counseling"
- "options counseling"
- "WTF"
- "Terminating"
- "terminate"
- "termination"
- "Pregnancy notification"
- "Pregnancy motivations"
- "Scott is"
- "Scott said"
- "from Scott"

Your request was sent to the Office of Refugee Resettlement (ORR) and the Office of the Chief Information Officer for a search for responsive records. The Office of the Chief Information Officer performed the search and provided 159,000 pages of responsive records.

Following extensive negotiations between the parties, it was agreed that ACF would begin its production by disclosing emails without attachments, after which Equity Forward would choose the attachments it wished to receive.

Accordingly, please find enclosed 374 pages of responsive records. Three-hundred seventy-eight (378) additional pages were forwarded to the Office of the Secretary (OS), Department of Health and Human Services (HHS) and to other federal agencies for consultation on those pages that originated within those offices.

Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6). The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff and contractors about management of the program and individual children, sensitive communications between agency staff seeking legal advice and counsel on policy and other matters and documentation of attorney thoughts and work in anticipation of litigation.

AMERICAN OVERSIGHT

The FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists of the identities and/or other private information of private individuals and the work cell phones of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

Sincerely yours,

Celeste Smith
Acting Director
Office of Communications
Freedom of Information Office
Administration for Children and Families
Department of Health and Human Services

Subject: UAC Inquiry Re:(b)(6)

Good Afternoon Mr. Lloyd,

AMERICAN OVERSIGHT

I am writing to touch base with you regarding pregnant UAC in care, as of today UAC has not spoken with mother in home country. During clinical follow up session UAC reported new information regarding incidents in which both of her parents disciplined her using corporal punishment. According to UAC both mother and father used electric cables/plugs, belts and switches to discipline her leaving physical marks and bruising. As a result of this information care provider is proceeding with standard significant incident reporting procedures.

In addition, UAC directly inquired if she would be taken to appointment in Corpus Christie, she stated she wished to be "educated regarding her pregnancy and her options". In addition, she asked if it was possible for her to be "educated in what an abortion is and how and where the medical procedure is conducted"..? Please note, UAC stated the provider she saw on Saturday only completed sonogram, informed her how far along she was, provided encouragement and told her assistance was available should she decide to keep her child.

Please advise on how to proceed with regard to UAC's specific request for information on "options education and termination of pregnancy procedure information". Please note care provider has not and will not provide requested information to UAC. I truly appreciate your attention and guidance in this matter, thank you.

>
> Good Evening,
>
> Please be advised that UAC attended scheduled appointment. Care Provider staff accompanied UAC and reported minor was physically examined and an sonogram was completed. According to staff present, (b)(6) agreed to physical exam and sonogram, the provider and nurse walked UAC through the sonogram and explained all the physiological changes her body is going through and informed her she was about 11-12 weeks pregnant. The provider also explained the size and weight of her baby and all the physiological changes her baby is going through after which provider proceeded with life-affirming options counseling and assured UAC that assistance was available for young women in her situation and their children.

AMERICAN OVERSIGHT

UAC listened attentively to information provided to her but said very little during her exam and counseling and denied having any questions for provider following the exam. The UAC was not provided with any documentation or literature, the physician noted all information into his computer/tablet.

UAC returned to the facility and ate dinner, I touched base with her following supper and she stated she was feeling well and appeared calm. I asked UAC how she was doing and informed her that I spoke to her mother and her mother wished to speak to her to reassure her of her support. UAC cried and appeared distressed when I brought up her mother. UAC declined to contact her mother and stated she did not wish to contact home at all. I stated we understood but encouraged her stating it is critical that she reach out to her mother, then asked her to take time and regroup and that we would allow her to reach out to her family at any point.

Following my conversation with UAC, I contacted her mother and informed her UAC was physically well and had declined to contact home at the moment. UAC's mother reiterated her wish to speak to her daughter and express her support, I explained to mother we would continue working with her daughter in attempts to have her reach out to her.

Please let me know if you have any further questions or concerns, I will gladly be of any assistance.

Fanny

Per ORR Director:

Yes, this is correct-- the program should notify regardless of UAC's wishes.

The reason is that we do not want the program standing in between the parents and their daughter at this critical time, to the extent we can avoid it.

Thank you for attention on this matter.

Mr. Calero,

SWK is requesting further clarification on this case. We have read your email below and discussed it, but we are still in need of more information from you (ORR).

If the minor does not want SWK to disclose to the parents the pregnancy, is SWK being required to do so anyway? Your email says we should offer to disclose to the parents for her which we can easily do. But, your email is unclear as to the next step in the event the minor does not want SWK to disclose this information to the parents.

We want to make sure that we are clear on the directive from the ORR Director as it is important to us that we follow the directive precisely as intended. Please advise- we will wait to hear from you before we take the next step.

BUDGET

RSC Budget Allows Conservatives to Lay Down Austere Marker – Roll Call

Bloomberg Government reports on today's congressional activity below.

What to Watch Today

By James Rowley | October 3, 2017 8:53AM ET

Unable to repeal Obamacare or dramatically cut government spending, House Republicans will try to rally their party's socially conservative base with a floor vote today on a measure that would limit legal abortion.

The measure would permit abortion only in the first 20 weeks of pregnancy except in cases of rape, incest or a threat to a woman's life.

This will be the third time for consideration of this type of bill in the six years Republicans have held their House majority. In 2013 and 2015, the House passed legislation banning late-term abortions. Both measures died in the Senate, which Democrats controlled in 2013 and had the power to deploy the filibuster to block consideration in 2015.

Rep. Trent Franks (R-Ariz.), who has sponsored all three versions of the bill he calls the Pain-Capable Unborn Child Protection Act, said in a Twitter post yesterday that his legislation is urgently needed because "unborn babies feel pain by at least 20 weeks. Late, dismemberment abortions are too extreme for America."

Medical organizations such as the American Congress of Obstetricians and Gynecologists have disputed claims that fetuses feel pain at 20 weeks of gestation.

AMERICAN OVERSIGHT

Many Republicans campaigned on promises to repeal Obamacare and bar Planned Parenthood, a leading abortion provider, from federal funding.

With efforts to repeal Obamacare having failed so far and legislation to overhaul the tax code still to be written, Republicans are pushing what lawmakers call message bills as a "compensatory gesture" to their political base, Rutgers University political scientist Russ Baker said.

“They need to compensate the right-to-life people who were such a big element” in their political coalition, said Baker.

An effort earlier this year to defund Planned Parenthood failed during spending negotiations for the remainder of fiscal 2017. Democrats used their leverage in those talks to craft the $1.1 trillion spending package that rejected Trump’s demand to cut $18 billion from domestic programs.

The Supreme Court has upheld the legality of abortion through 24 weeks of pregnancy, when a fetus is generally believed to be capable of living outside the womb.

Hi Scott,

I am providing the follow-up query below for your awareness. (b)(5)

(b)(5)

Please let me know if you have any concerns. Thanks.

QUERY

AMERICAN OVERSIGHT

I'm working on a follow-up to the Jane Doe story and had a few specific questions for ACF related to emails the ACLU of Northern California included in one of its federal court filings. A lot of these emails were excerpted by the Center for Investigative Reporting and written here: https://www.revealnews.org/blog/court-filing-trump-appointee-blocks-pregnant-teen-migrant-from-getting-abortion/

The questions I had were:

1. **How many children in HHS' custody are pregnant?**

2. **Is it ORR policy to forbid (or discourage) unaccompanied children in its custody from seeking a judicial bypass of abortion restrictions? (Noting email from Scott Lloyd: "She should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at this point."**

3. **Is it ORR policy to require unaccompanied children in its custody to obtain parental consent and specifically a notarized declaration of consent from the parents, even if the parents might be in a foreign country? (Noting email at top of Document 84-8: "After the options counseling, if the UC still desires the abortion, and it is still within the window for a legal abortion,**

    a. **the UC must obtain parental consent, which will necessitate options counseling with them, plus signed, notarized declaration of consent.")**

4. **Related to those questions, has ORR codified guidance in a March 30 email from Scott Lloyd (Document 84-4: "Grantees should not be supporting abortion services pre or post-release; only pregnancy services and life-affirming options counseling.")**

5. **In a March 22 email, a writer whose name is blacked out questions whether ORR's directive not to allow unaccompanied children to get a judicial bypass is legally sound. The response to that email is entirely blacked out. What did ORR instruct that writer and others who may have questioned the policy? (March 22 email in Document 84-3: "Isn't that contrary to state law? My understanding is that the judicial bypass was created specifically so that the young lady does not need approval from her guardian (in our case the Director of ORR) to move forward with a term of pregnancy.")**

6. **Has Director Lloyd spoken directly to any individual children seeking an abortion? (Noting email in Document 84-6 from Jonathan White: "Were you able to speak with the pregnant girl at the SWK site (KAMM)?" And**

AMERICAN OVERSIGHT

Scott Lloyd response "Yes—they were going to a CPC site today and we're going to discharge according to my understanding.")

Congressional Daily News

Bloomberg Government reports on today's congressional activity below.

What to Watch Next Week

By Robin Meszoly | September 29, 2017 8:42AM ET

Budget and taxes, immigration and abortion restrictions will top the agenda as Congress kicks off the new fiscal year.

Majority Leader Kevin McCarthy (R-Calif.) said the House would vote next week on its fiscal 2018 budget resolution (H.Con.Res. 71) shepherded by Budget Committee Chairman Diane Black (R-Tenn.).

Adopting the budget resolution with reconciliation instructions would pave the way for an overhaul of the tax code by a simple majority in the Senate.

The decision by the House Freedom Caucus to endorse the tax framework unveiled by GOP leaders removed a potential hurdle for adoption of the blueprint.

The Senate Budget Committee plans to mark up that chamber's budget resolution next week, Majority Leader Mitch McConnell (R-Ky.) said.

AMERICAN OVERSIGHT

ABORTION: The House plans to vote on a measure (H.R. 36) that would make it a crime to perform or attempt an abortion if the probable post-fertilization age of the fetus is 20 weeks or more. The proposed Pain Capable Unborn Child Protection Act would provide exceptions in cases of rape or incest.

The House has passed similar bills in the two previous Congresses, largely along party lines.

OBAMACARE: We'll be watching for a potential bipartisan agreement to help stabilize individual insurance markets. Senate Health, Education, Labor and Pensions Committee Chairman Lamar Alexander (R-Tenn.) told reporters yesterday that he and the committee's ranking Democrat Patty Murray (Wash.) are close to a deal and need the support of leaders and members to move forward.

NOMINATION: Federal Communications Commission Chairman Ajit Pai is up for a confirmation vote Monday for a new five-year term. The Senate voted 55-41 yesterday to invoke cloture on the nomination of Pai, who has drawn Democrats' criticism over plans to rewrite Obama administration rules on net neutrality and broadband classification.

The same day, former Equifax Inc. Chairman and CEO Richard Smith, is scheduled to testify before a House Energy and Commerce Digital Commerce and Consumer Protection Subcommittee oversight hearing on the cyberbreach at the company that resulted in the theft of more than 143 million Americans' personal data. Smith returns to Capitol Hill Wednesday to appear before Senate Banking Committee. The Senate Judiciary Privacy, Technology and the Law Subcommittee plans a hearing that day on the Equifax breach.

Senate Minority Leader Chuck Schumer (D-N.Y.) and other Democrats are citing the Wells Fargo and Equifax scandals as a reason Congress shouldn't kill a rule designed to make it easier for consumers to sue financial firms.

EX-PRESIDENTS' PERKS: The Senate Homeland Security and Governmental Affairs Committee plans Wednesday to mark up legislation (S. 1791) sponsored by Joni Ernst (R-Iowa) that would cap former presidents' monetary allowances for items such as office space and staff salaries, and reduce the allowance by each dollar of income a former president earns in excess of $400,000.

"With the national debt quickly approaching $20 trillion, we cannot afford to generously subsidize the perks of former presidents to the tune of millions of dollars," Ernst said in a Sept. 12 statement. She cited "former presidents raking in tens of millions of dollars from book deals, speaking engagements and more."

Then-President Barack Obama vetoed similar legislation last year, saying it "would impose onerous and unreasonable burdens on the offices of former presidents" and terminate staffers' salaries abruptly. The

AMERICAN OVERSIGHT

House Oversight and Government Reform Committee approved a companion bill (H.R. 3739) by voice vote Sept. 13.

QUERY

I'm working on a follow-up to the Jane Doe story and had a few specific questions for ACF related to emails the ACLU of Northern California included in one of its federal court filings.
A lot of these emails were excerpted by the Center for Investigative Reporting and written here:

https://www.revealnews.org/blog/court-filing-trump-appointee-blocks-pregnant-teen-migrant-from-getting-abortion/

The questions I had were:

1. **How many children in HHS' custody are pregnant?**

2. **Is it ORR policy to forbid (or discourage) unaccompanied children in its custody from seeking a judicial bypass of abortion restrictions? (Noting email from Scott Lloyd: "She should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at this point."**

3.

AMERICAN OVERSIGHT

Is it ORR policy to require unaccompanied children in its custody to obtain parental consent and specifically a notarized declaration of consent from the parents, even if the parents
might be in a foreign country? (Noting email at top of Document 84-8: "After the options counseling, if the UC still desires the abortion, and it is still within the window for a legal abortion,

a.
the UC must obtain parental consent, which will necessitate options counseling with them, plus signed, notarized declaration of consent.")

4.

Related to those questions, has ORR codified guidance in a March 30 email from Scott Lloyd (Document 84-4: "Grantees should not be supporting abortion services pre or post-release; only
pregnancy services and life-affirming options counseling.")

5.

In a March 22 email, a writer whose name is blacked out questions whether ORR's directive not to allow unaccompanied children to get a judicial bypass is legally sound. The response
to that email is entirely blacked out. What did ORR instruct that writer and others who may have questioned the policy? (March 22 email in Document 84-3: "Isn't that contrary to state law? My understanding is that the judicial bypass was created specifically
so that the young lady does not need approval from her guardian (in our case the Director of ORR) to move forward with a term of pregnancy.")

6.
Has Director Lloyd spoken directly to any individual children seeking an abortion? (Noting email in Document 84-6 from Jonathan White: "Were you able to speak with the pregnant girl
at the SWK site (KAMM)?" And Scott Lloyd response "Yes—they were going to a CPC site today and we're going to discharge according to my understanding.")

Sir,

I was asked today as to if it would be permissible for the UAC to be "transferred" to an IES Foster Program in the South Texas region at this time. The UAC is nearing, or has just passed, the end of her first
trimester – which is the "usual" marker for a standard shelter to seek a less restrictive and more homelike setting for UAC, if capacity permits.

Please advise as to if there is a concern or objection to the UAC being transferred.

The IES Shelter is able to continue to meet the UAC's needs for several more weeks if this is determined to be the most prudent course of action.

Thank you,

Jonathan

As of this morning, the IES Los Shelter Program reports the following:

The child has not yet spoken with her father as he works in Mexico and is often out of the family home for extended periods of time. The Program has obtained a telephone number for the father and will attempt to make a call to him today to allow the minor to communicate with her father if she wishes.

AMERICAN OVERSIGHT

The child's mother continues to contact the Program to check on the welfare of her daughter. The child continues to decline to speak with her mother.

The child has not made an affirmative request to continue with the TOP since last week on Friday or Saturday. The child has not voiced that she wishes to continue with pregnancy either. The child has become less communicative with the
Program as the TOP situation has continued to progress.

Hi, Scott and Pedro. As you see, there are numerous articles from Texas today.

One of them refers to this. Is it ORR's latest policy? I notice the webpage has not been revised this year.

3.4 Medical Services

ORR facilitates and funds health care for all unaccompanied alien children in its custody. ORR has developed its health care policies with the goals of ensuring the children's physical and mental well-being and the safety of care providers, medical personnel and communities. Through its care providers and other health care professionals, ORR provides the following services:

- Routine medical and dental care
- Family planning services, including pregnancy tests and comprehensive information about and access to medical reproductive health services and emergency contraception
- Emergency health services
- A complete medical examination (including screening for infectious diseases) within 48 hours of admission (excluding weekends and holidays and unless the youth was recently examined at another facility)
- Immunizations
- Administration of prescribed medications and special diets
- Appropriate mental health interventions

Care providers must deliver services in a standardized manner that is sensitive to the age, culture, native language, and needs of each unaccompanied alien child. Care providers also must meet State and local licensing and public health requirements.

Jonathan and Michael,

Upon reviewing the Portal regarding UAC (litigation progressed this evening), I saw that the UAC is being prevented from having any physical activity and is complaining about that. The program is doing this pursuant doctors' orders.

I am not a doctor, but we've had a few pregnancies in our family, and the advice is always that physical activity may continue according to the level that occurred before the pregnancy. I wonder if we can get a second opinion, on the question of whether physical activity is allowable? I've seen no indication that the pregnancy is high-risk in any way.

Thank you,
Scott

AMERICAN OVERSIGHT

Hi Scott,

That is true and consistent with my family's experience. However, globally, you do point out the delicate position the medical team finds ourselves in (ie not being the treating physician).

We can have the program contact the OB to ask about the physical activity restriction and if no movement we can proceed with a second opinion.

Jonathan

As of this morning, the IES Los Shelter Program reports the following:

The child has not yet spoken with her father as he works in Mexico and is often out of the family home for extended periods of time. The Program has obtained a telephone number for the father and will attempt to make a call to him today to allow the minor to communicate with her father if she wishes.

The child's mother continues to contact the Program to check on the welfare of her daughter. The child continues to decline to speak with her mother.

The child has not made an affirmative request to continue with the TOP since last week on Friday or Saturday. The child has not voiced that she wishes to continue with pregnancy either. The child has become less communicative with the Program as the TOP situation has continued to progress.

(b)(6)

I've received a clarification. The request is for all of her records, not just her medical records.

If you could instead please send an email with a PDF of any documents related to her case that are not already in the Portal, that would be what we need.

Sorry for the confusion-- please let me know if you have any questions.

Thank you,

Scott

Dear (b)(6)

ORR has received a request for the medical records of (b)(6) (b)(6)
A# (b)(6)

Could you please send these documents to me in PDF form so we can respond to this request as soon as possible? Please include Mr. Jonathan White, and Mr. Matt Bowman, copied here.

Afterward, please make sure that the same documents are uploaded on to the Portal, although this piece is not as urgent.

If you have any questions, please let me know.

Thank you,
Scott

For reference, here are other clips on the subject:

The Trump administration is preventing undocumented immigrant minors from getting abortions

Thousands of unaccompanied, undocumented immigrant minors are currently in the custody of the United States federal government, which is legally obligated to provide them with health care. In March of 2017, the Office of Refugee Resettlement announced that federally funded shelters are barred from taking "any action that facilitates" abortion for these unaccompanied minors without "direction and approval" from ORR Director Scott Lloyd. And according to the ACLU, Lloyd, a Trump nominee, is now prohibiting minors from accessing abortion care—and instead sending them to "crisis pregnancy centers" that urge them not to terminate their pregnancies. According to the ACLU, Lloyd, the current ORR director, has personally called pregnant minors in an attempt to talk them out of terminate their pregnancies.
Slate Magazine, NY
Oct. 11, 2017

Teen detained in Texas after crossing border fights to have abortion
Advocates for a pregnant 17-year-old girl held in a Texas facility for immigrant children who have crossed the border alone are asking a federal judge to allow her to get an abortion, over the opposition of U.S. and state officials. A federal magistrate judge in San Francisco has scheduled a hearing Wednesday on a request filed by the American Civil Liberties Union of Northern California, which accuses the U.S. Department of Health and Human Services of refusing to let the girl be taken for the procedure. Staff at the facility where she's being held refused to take her to her appointments with a doctor to seek an abortion, or let the attorney take her, even though private groups that support abortion rights have raised money for the procedure. Instead, she was taken to a crisis pregnancy center.

Court filing: Trump appointee blocks pregnant teen migrant from getting abortion
A Trump appointee has prevented a 17-year-old migrant at a federally funded shelter in Texas from getting an abortion and directed she be sent instead to religious counseling, according to a motion filed in federal court last week. In court filings over the last few days, they've argued that changes at the Office of Refugee Resettlement are to blame and that the girl, referred to as Jane Doe, is not an isolated case. According to emails filed with the court, new ORR Director Scott Lloyd has met with a minor in federal custody to discuss her pregnancy and directed his staff to counsel girls about the risks of abortion – an early sign of how Lloyd's priorities will reflect his past work in pro-life advocacy.
Reveal/The Center for Investigative Reporting, CA
Oct. 10, 2017

Undocumented teenager seeks court authorization to access abortion services
A pregnant, 17-year-old, undocumented immigrant is at the center of a legal dispute over whether unaccompanied immigrant minors have the right to an abortion in the United States. Jane Doe, as she's referred to in court filings, is currently at a shelter in Brownsville, in the custody of the Office of Refugee Resettlement (ORR), a federal agency responsible for refugees and unaccompanied undocumented minors. Doe is seeking an emergency court order authorizing her to access abortion services after the federal office blocked her from attending a pre-abortion medical appointment.
Texas Tribune, TX
Oct. 10, 2017

Pregnant immigrant in Texas will test abortion access
Officials with the ACLU and Janes Due Process, a nonprofit that helps teenagers gain access to abortion, argue that Jane Doe's experience is part of a larger pattern by the Office of Refugee Resettlement, which under President Donald Trump has refused to allow unaccompanied minors to receive abortions, referring them instead to crisis pregnancy centers which counsel women against abortions, often from a religious perspective. "Trump administration officials are literally holding her hostage," ACLU lawyer (b)(6) said. "The interference by government officials about the most intimate and personal decision a woman can make is horrific. It's also blatantly unconstitutional."
Austin American-Statesman, TX
Oct. 10, 2017

Trump administration blocks legal abortion for undocumented Texas minor in federal care

A 17-year-old undocumented minor living in federal custody in Texas is being denied her right to an abortion by the federal government. American Civil Liberties Union lawyers, who call the move "shocking" and "straight from dystopian fiction" are requesting an emergency hearing Wednesday in a California federal court to grant her abortion access before she's too far along in her pregnancy. The girl, dubbed "Jane Doe" in court documents, is currently living in a Brownsville facility for undocumented and unaccompanied minors run by the feds where, by law, she is required access to "family

AMERICAN OVERSIGHT

planning services, including pregnancy tests and ... access to medical reproductive health services and emergency contraception."

San Antonio Current, TX

Oct. 10, 2017

Texas must not be a 'sanctuary state for abortions,' AG Ken Paxton says in court brief*)*
The federal government should not give unauthorized immigrant minors the right to have abortions, Texas Attorney General Ken Paxton said Tuesday. The American Civil Liberties Union wants to add "Jane Doe," a 17-year-old unauthorized immigrant who sued in Texas to have an abortion, to an existing federal case against the U.S. Department of Health and Human Services. Paxton filed a brief in the case in response, arguing that unauthorized minors do not have the right to have abortions. The ACLU argues that restricting reproductive and abortion care is unconstitutional, but Paxton said the case could establish Texas as a "sanctuary state for abortions."
Dallas Morning News, TX
Oct. 10, 2017

Teenage illegal immigrant crosses border to get abortion. Now it's up to a judge if she can.
A judge is deciding Wednesday whether the state of Texas must help a teenage illegal immigrant get an abortion — a case that could have serious ramifications. Even though the 17-year-old illegal immigrant received a judicial waiver allowing her — a minor — to get an abortion, the officers detaining her refuse to take her to an abortion clinic American Civil Liberties Union (ACLU) lawyer, (b)(6) told The Associated Press on Tuesday. “I feel like they are trying to coerce me to carry my pregnancy to term,” the girl told a federal court earlier in October, explaining that she was taken to a crisis pregnancy center instead of an abortion clinic.

which is legally obligated to provide them with health care. In March of 2017, the Office of Refugee Resettlement announced that federally funded shelters are barred from taking "any action that facilitates" abortion for these unaccompanied minors without "direction and approval" from ORR Director Scott Lloyd. And according to the ACLU, Lloyd, a Trump nominee, is now prohibiting minors from accessing abortion care—and instead sending them to "crisis pregnancy centers" that urge them not to terminate their pregnancies.
According to the ACLU, Lloyd, the current ORR director, has personally called pregnant minors in an attempt to talk them out of terminate their pregnancies.

Teen
detained in Texas after crossing border fights to have abortion

AMERICAN OVERSIGHT

Advocates for a pregnant 17-year-old girl held in a Texas facility for immigrant children who have crossed the border alone are asking a federal judge to allow her to get an abortion, over the opposition of U.S. and state officials. A federal magistrate judge in San Francisco has scheduled a hearing Wednesday on a request filed by the American Civil Liberties Union of Northern California, which accuses the U.S. Department of Health and Human Services of refusing to let the girl be taken for the procedure. Staff at the facility where she's being held refused to take her to her appointments with a doctor to seek an abortion, or let the attorney take her, even though private groups that support abortion rights have raised money for the procedure. Instead, she was taken to a crisis pregnancy center.

Associated Press, TX

Oct. 10, 2017

Court filing: Trump appointee blocks pregnant teen migrant from getting abortion

A Trump appointee has prevented a 17-year-old migrant at a federally funded shelter in Texas from getting an abortion and directed she be sent instead to religious counseling, according to a motion filed in federal court last week. In court filings over the last few days, they've argued that changes at the Office of Refugee Resettlement are to blame and that the girl, referred to as Jane Doe, is not an isolated case. According to emails filed with the court, new ORR Director Scott Lloyd has met with a minor in federal custody to discuss her pregnancy and directed his staff to counsel girls about the risks of abortion – an early sign of how Lloyd's priorities will reflect his past work in pro-life advocacy.

Undocumented teenager seeks court authorization to access abortion services

A pregnant, 17-year-old, undocumented immigrant is at the center of a legal dispute over whether unaccompanied immigrant minors have the right to an abortion in the United States. Jane Doe, as she's referred to in court filings, is currently at a shelter in Brownsville, in the custody of the Office of Refugee Resettlement (ORR), a federal

AMERICAN OVERSIGHT

agency responsible for refugees and unaccompanied undocumented minors. Doe is seeking an
emergency court order authorizing her to access abortion services after the federal office blocked her from attending a pre-abortion medical appointment.

Texas Tribune, TX

Oct. 10, 2017

-

Pregnant
immigrant in Texas will test abortion access

Officials with the ACLU and Janes Due Process, a nonprofit that helps teenagers gain access to abortion, argue that Jane Doe's
experience is part of a larger pattern by the Office of Refugee Resettlement, which under President Donald Trump has refused to allow unaccompanied minors to receive abortions, referring them instead to crisis pregnancy centers which counsel women against
abortions, often from a religious perspective. "Trump administration officials are literally holding her hostage," ACLU lawyer Brigitte Amiri said. "The interference by government
officials about the most intimate and personal decision a woman can make is horrific. It's also blatantly unconstitutional."

Austin American-Statesman, TX

Oct. 10, 2017

Trump
administration blocks legal abortion for undocumented Texas minor in federal care

A 17-year-old undocumented minor living in federal custody in Texas is being denied her right to an abortion by the federal government. American Civil Liberties Union lawyers, who call the move "shocking" and "straight from dystopian fiction" are requesting an emergency hearing Wednesday in a California federal court to grant her abortion access before she's too far along in her pregnancy. The girl, dubbed "Jane Doe" in
court documents, is currently living in a Brownsville facility for undocumented and unaccompanied minors run by the feds where, by law, she is required access to "family planning services, including pregnancy tests and ... access to medical reproductive health services and emergency contraception."

Texas must not be a 'sanctuary state for abortions,' AG Ken Paxton says in court brief

The federal government should not give unauthorized immigrant minors the right to have abortions, Texas Attorney General Ken Paxton said Tuesday. The American Civil Liberties Union wants to add "Jane Doe," a 17-year-old unauthorized immigrant who sued in Texas to have an abortion, to an existing federal case against the U.S. Department of Health and Human Services. Paxton filed a brief in the case in response, arguing that unauthorized minors do not have the right to have abortions. The ACLU argues that restricting reproductive and abortion care is unconstitutional, but Paxton said the case could establish Texas as a "sanctuary state for abortions."

Dallas Morning News, TX

Oct. 10, 2017

Teenage illegal immigrant crosses border to get abortion. Now it's up to a judge if she can.

A judge is deciding Wednesday whether the state of Texas must help a teenage illegal immigrant get an abortion — a case that could have serious ramifications. Even though the 17-year-old illegal immigrant received a judicial waiver allowing her — a minor — to get an abortion, the officers detaining her refuse to take her to an abortion clinic American Civil Liberties Union (ACLU) lawyer, Rochelle Garza, told The Associated Press on Tuesday. “I feel like they are trying to coerce me to carry my pregnancy to term,” the girl told a federal court earlier in October, explaining that she was taken to a crisis pregnancy center instead of an abortion clinic.

Good Evening Mr. Lloyd,

Please be advised that after meeting and discussing parental notification with UAC, she agreed to inform her mother of her pregnancy and stated she wanted to personally inform her mother. However, after agreeing to notify her mother, she immediately voiced “no quiero tener bebe” (translation I do not want to have baby). Arrangements were made to have UAC meet with her assigned Case Manager (at her request) and conduct call to her mother. It is important to note, that UAC’s primary language is (b)(6) dialect, she speaks Spanish, however it is not her primary language and although she understands conversational Spanish, she struggles to find the words in Spanish to fully explain herself. We have used approved Interpreter services, however, UAC states she does not understand the interpreters and prefers to speak with care provider staff in Spanish and assures staff she understands the information provided to her. I can attest that during meeting, the UAC initially resisted the idea of notifying her mother, explaining that she did not want to upset her mother, that she did not want to worry her mother, and that her mother would somehow force her to return to home country, ultimately she understood the importance of disclosing this information to her mother and verbalized consent to proceeding with contacting her mother to disclose. Please note, UAC reported pregnancy was as a result of consensual sexual relationship and denies any history of abuse mistreatment or neglect.

AMERICAN OVERSIGHT

The following was noted by Case Manager,
"UAC spoke with her mother in her native language. The telephone call began at 5:05 p.m. and at (10min 13sec) minutes into the conversation Case Manager understood the UAC state "embarazada" (pregnant) and UAC began tearing up. Case Manager also understood the UAC share with her mother "dos semanas" (two weeks), "menor de edad" (under age), entender todo (I understand everything), esoy aqui dos, tres meses (I will be here 2 or 3 months), the Case Manager did not intervene or interrupt conversation. Case Manager will schedule appointment with (b)(6) *interpreter in order to complete psycho-social assessment with UAC's mother and also assess mother's understanding of information UAC shared with her during today's phone call. During the remainder of conversation, the UAC appeared calm and often smiled while speaking to her mother, the call ended at 5:40 p.m. the UAC returned to her dorm in no apparent distress."*

The UAC has initial OB/GYN appointment for standard prenatal care tomorrow afternoon with (b)(6) (b)(6) in Brownsville, Texas. The UAC has been informed of what to expect during tomorrow
medical appointment and she has verbally consented to attending the scheduled appointment.

Please do not hesitate to contact me should you have any questions or concerns regarding the information provided, thank you.

Just a brief update regarding the email below.

Please approach UAC and ask for her consent to inform her parents of the pregnancy today, and give her the option to do so herself if she would like. Let her know that the program would like to inform them because
these discussions between parents and children are often fruitful and lead to greater understanding.

If you receive permission, please proceed with parental notification today. If not, please ask if she could articulate reasons that she does not the parents to know, and share this information with us.

Thank you,

Scott

AMERICAN OVERSIGHT

Dear (b)(6)

Thank you for the message.

Please direct the program to take the following steps:

1)
Confirm pregnancy with OB/GYN according to standard operating procedure.

2)
If further tests confirm pregnancy, the parents must be notified of the pregnancy. Either UAC or the program should notify parents, according to the UAC's preference.

3)
Please report back when the program has completed these steps.

Thank you,

Scott

Subject: [WARNING : MESSAGE ENCRYPTED] Inquiry Regarding Request for Heightened Medical Service FW: Report of Significant Incident Addendum Event (b)(6)

Importance: High

Good Afternoon,

Please be advised, IES LF Shelter has a new arrival 17-year-old female UAC (b)(6) XXX-XXX-(b)(6) from Guatemala in care (DOE 10/19/17) whom today (10/23/17) advised assigned Clinician
that she wished "to take a pill to get rid of baby" directly implying to the Clinician that UAC does not wish to proceed with pregnancy. According to what UAC shared with assigned Clinician, the UAC explained her thoughts stating "she is too young, she does
not have the resources to care for a child, she is afraid her family will be angry and that she and her family cannot deal with something like this at this time". Please note UAC's initial medical screening was completed on Friday, October 20th,
2017, an HCG test indicated UAC is pregnant. The pregnancy has yet to be confirmed by obstetrician, initial OB/GYN appointment is scheduled for 10/27/17 at 2:30 p.m. Please note, the primary care physician is not aware of minor's thoughts on this matter and
has issued a referral to OB/GYN for standard prenatal care. According to UAC, she was not aware she was pregnant when she departed from home country and she does not wish to disclose pregnancy with her family or sponsor. Minor reported she was raised by her
mother in Guatemala and is not familiar with her biological father.

Based on limited available information, the minor is less than 4 weeks pregnant, she traveled from Guatemala with her adult sister and her sister's child. Upon apprehension, UAC was separated
from her adult sister and her adult sister remains in DHS custody. The UAC's point of contact is her brother-in-law, (b)(6) whom currently resides in (b)(6) The UACs plan was to travel to (b)(6) alongside her adult sister and to unite with her sister's
husband, (b)(6) whom currently resides in (b)(6) At this time care provider has not received documentation from potential sponsor (brother-in-law) to formally prove relationship with UAC. However, assigned Case Manager has made contact
with UAC's brother-in-law, the FRA has been forwarded and he has verbally agreed to the terms and conditions of sponsoring UAC. (b)(6) (minor's brother-in-law) has agreed to comply with all reunification requirements and provide all necessary documentation
to move forward with reunification process. Care provider will ensure to provide sponsor with the support needed to facilitate the reunification process, at this time the UAC denies any history of abuse, neglect or mistreatment. There are no indicators or

AMERICAN OVERSIGHT

concerns of a history of trauma. At time, UAC has not attended Know Your Rights Presentation and is pending initial legal screening, these services are scheduled to take place tomorrow, October 24, 2017.

Care provider has not reached out to any community medical providers regarding minor's inquiry, no follow up appointments and/or information regarding the subject matter of minor's inquiry
has been nor will be issued to UAC unless authorization is granted by ORR. This information will be elevated to designated ORR FFS and a Significant Incident Addendum (Event# (b)(6)
has been submitted with regards to UAC's inquiry. Please advise on how to
proceed should UAC continue to request information regarding this very specific heightened medical service, thank you, we will wait for further guidance.

Please note, due to the sensitive nature of this information, it is my intention to ensue ORR officials are made aware of this emerging matter promptly. Please let me know if there are any questions or concerns regarding the information provided, I will gladly be of assistance.

*Password to follow, thank you.

Here is the new Associated Press article, following an interview with attorney Rochelle Garza:

https://www.washingtonpost.com/national/immigrant-teens-advocates-us-pushing-anti-abortion-agenda/2017/10/13/b1d1b9f4-b03e-11e7-9b93-b97043e57a22_story.html

Immigrant teen's advocates: US

AMERICAN OVERSIGHT

pushing anti-abortion agenda

By Nomaan Merchant | Associated Press

HOUSTON — Shortly after taking over the U.S. government office that oversees facilities for unaccompanied immigrant

children, Scott Lloyd told a subordinate what to do with a teenager who wanted an abortion.

Facilities under HHS "should not be supporting abortion services pre or post-release," but rather "life-affirming

options counseling," Lloyd wrote in an email. And the person seeking an abortion "should not be meeting with an attorney regarding her termination" or seeking a waiver exempting her from a state requirement that minors get a parent's consent, he wrote in another.

The apparent new policy is being put to the test, as lawyers have gone to court to try to force the government

to allow a 17-year-old Central American being held at a Texas facility to get an abortion. They accuse the Trump administration of trying to stop any immigrant teens in government custody from terminating a pregnancy.

"She's being used as a pawn," (b)(6) a lawyer appointed to represent the interests of the teen, told

The Associated Press on Thursday. She declined to give her client's name and native country due to privacy concerns.

AMERICAN OVERSIGHT

The teen is as much as 14 weeks pregnant in a state that bans most abortions after the 20th week and she's feeling

hopeless, Garza said. On Wednesday, a federal judge in San Francisco said the government can't prevent the teen from getting an abortion, but she said the case was filed in the wrong jurisdiction and declined to order the government not to interfere with the
teen's abortion access. Garza and the other lawyers, including some from the American Civil Liberties Union, filed a new complaint Friday in federal district court in Washington, D.C.

The ACLU included Lloyd's emails in a filing in the case against the U.S. Department of Health and Human Services,

which oversees facilities for children who arrive in the U.S. on their own.

HHS didn't respond to questions about whether it has a formal policy restricting immigrants in its care from seeking

abortions. But last month, it issued a draft of its department-wide strategic plan for 2018 to 2022 that defines its mission as "serving and protecting Americans at every stage of life, beginning at conception."

The agency also didn't reply to detailed questions about the emails, many of which had large portions blacked

out. It has roughly 5,000 children currently in custody, though it did not say how many are pregnant. It did issue a statement Wednesday saying it is "providing excellent care to the adolescent girl and her unborn child, who remain under our care until the mother's release."

Lloyd became director of HHS' Office of Refugee Resettlement in March after working for the Knights of Columbus,

a Catholic group that opposes abortion. In an email dated March 14, Lloyd followed up on a visit with a pregnant teenager living at a facility for unaccompanied children. He asked for the shelter to meet her requests for bananas and soup, and to give her a more comfortable mattress.

AMERICAN OVERSIGHT

“Please have her clinician keep a close eye on her,” Lloyd wrote. “As I’ve said, often these girls start to regret

abortion, and if this comes up, we need to connect her with resources for psychological and/or religious counseling.”

He also offered to connect the teen with “a few good families” who would “see her through her pregnancy.”

In a March 24 email, Lloyd said a girl who was pregnant should be offered “spiritual counseling” or taken for

an ultrasound to a crisis pregnancy center. Such facilities seek to discourage women from having abortions.

“She should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at

this point,” Lloyd said.

Susan Hays, legal director of Jane’s Due Process, which helps pregnant minors in Texas to get abortions, accused

HHS of being “turned over to ideological extremists who want to use the power of the federal government to impose their religion on everyone else.”

Hays, whose group is working with the 17-year-old now seeking an abortion, said another teen earlier this year

obtained the judicial bypass required by Texas law and began a medication abortion, which is administered by pills taken on two successive days.

The first pill was administered on a Friday, but before the second pill could be given Saturday, HHS ordered the

facility holding the teen not to let her have it, Hays said. Starting but not completing the abortion could have put the teenager’s life at risk.

AMERICAN OVERSIGHT

After Hays and others intervened and threatened to go to court, the teen was allowed to complete the abortion

that Sunday, she said.

"That is a dystopian future for teenage girls who are forced to do that, and that's what ORR is doing today,"

Hays said.

Garza said she is wrongly being denied access to her client, even though she has been appointed a guardian under

the law and obtained a judicial bypass order.

The teen will turn 18 before her pregnancy would reach full term, which could lead to her being transferred to

an adult detention facility run by U.S. Immigration and Customs Enforcement. Garza said she fears the teen will be forced to have the child in adult detention or deported back to Central America, where she witnessed her parents beat a sister who was pregnant.

"It's going to get to the point where there aren't more options, and then what's going to happen?" Garza said.

Here is the new Associated Press article, following an interview with attorney Rochelle Garza:

https://www.washingtonpost.com/national/immigrant-teens-advocates-us-pushing-anti-abortion-agenda/2017/10/13/b1d1b9f4-b03e-11e7-9b93-b97043e57a22_story.html

Immigrant teen's advocates: US

AMERICAN OVERSIGHT

pushing anti-abortion agenda

By Nomaan Merchant | Associated Press

HOUSTON — Shortly after taking over the U.S. government office that oversees facilities for unaccompanied immigrant children, Scott Lloyd told a subordinate what to do with a teenager who wanted an abortion.

Facilities under HHS "should not be supporting abortion services pre or post-release," but rather "life-affirming options counseling," Lloyd wrote in an email. And the person seeking an abortion "should not be meeting with an attorney regarding her termination" or seeking a waiver exempting her from a state requirement that minors get a parent's consent, he wrote in another.

The apparent new policy is being put to the test, as lawyers have gone to court to try to force the government to allow a 17-year-old Central American being held at a Texas facility to get an abortion. They accuse the Trump administration of trying to stop any immigrant teens in government custody from terminating a pregnancy.

"She's being used as a pawn," Rochelle Garza, a lawyer appointed to represent the interests of the teen, told The Associated Press on Thursday. She declined to give her client's name and native country due to privacy concerns.

The teen is as much as 14 weeks pregnant in a state that bans most abortions after the 20th week and she's feeling hopeless, Garza said. On Wednesday, a federal judge in San Francisco said the government

AMERICAN OVERSIGHT

can't prevent the teen from getting an abortion, but she said the case was filed in the wrong jurisdiction and declined to order the government not to interfere with the teen's abortion access. Garza and the other lawyers, including some from the American Civil Liberties Union, filed a new complaint Friday in federal district court in Washington, D.C.

The ACLU included Lloyd's emails in a filing in the case against the U.S. Department of Health and Human Services, which oversees facilities for children who arrive in the U.S. on their own.

HHS didn't respond to questions about whether it has a formal policy restricting immigrants in its care from seeking abortions. But last month, it issued a draft of its department-wide strategic plan for 2018 to 2022 that defines its mission as "serving and protecting Americans at every stage of life, beginning at conception."

The agency also didn't reply to detailed questions about the emails, many of which had large portions blacked out. It has roughly 5,000 children currently in custody, though it did not say how many are pregnant. It did issue a statement Wednesday saying it is "providing excellent care to the adolescent girl and her unborn child, who remain under our care until the mother's release."

Lloyd became director of HHS' Office of Refugee Resettlement in March after working for the Knights of Columbus, a Catholic group that opposes abortion. In an email dated March 14, Lloyd followed up on a visit with a pregnant teenager living at a facility for unaccompanied children. He asked for the shelter to meet her requests for bananas and soup, and to give her a more comfortable mattress.

AMERICAN OVERSIGHT

“Please have her clinician keep a close eye on her,” Lloyd wrote. “As I’ve said, often these girls start to regret abortion, and if this comes up, we need to connect her with resources for psychological and/or religious counseling.”

He also offered to connect the teen with “a few good families” who would “see her through her pregnancy.”

In a March 24 email, Lloyd said a girl who was pregnant should be offered “spiritual counseling” or taken for an ultrasound to a crisis pregnancy center. Such facilities seek to discourage women from having abortions.

“She should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at this point,” Lloyd said.

Susan Hays, legal director of Jane’s Due Process, which helps pregnant minors in Texas to get abortions, accused HHS of being “turned over to ideological extremists who want to use the power of the federal government to impose their religion on everyone else.”

Hays, whose group is working with the 17-year-old now seeking an abortion, said another teen earlier this year obtained the judicial bypass required by Texas law and began a medication abortion, which is administered by pills taken on two successive days.

The first pill was administered on a Friday, but before the second pill could be given Saturday, HHS ordered the facility holding the teen not to let her have it, Hays said. Starting but not completing the abortion could have put the teenager’s life at risk.

AMERICAN OVERSIGHT

After Hays and others intervened and threatened to go to court, the teen was allowed to complete the abortion that Sunday, she said.

“That is a dystopian future for teenage girls who are forced to do that, and that’s what ORR is doing today,” Hays said.

Garza said she is wrongly being denied access to her client, even though she has been appointed a guardian under the law and obtained a judicial bypass order.

The teen will turn 18 before her pregnancy would reach full term, which could lead to her being transferred to an adult detention facility run by U.S. Immigration and Customs Enforcement. Garza said she fears the teen will be forced to have the child in adult detention or deported back to Central America, where she witnessed her parents beat a sister who was pregnant.

“It’s going to get to the point where there aren’t more options, and then what’s going to happen?” Garza said.

Type:	Note

Good Morning,

This is the official statement being provided for all current UAC inquiries regarding the ACLU case:

The following may be attributed to the Administration for Children and Families at the U.S. Department of Health and Human Services:

"In most cases when a child enters the United States illegally without a parent or guardian, by law the minor is placed into the care and custody of the Office of Refugee Resettlement at HHS' Administration for Children and Families. At that point, our paramount concern is the child's safety and well-being. While the child is in our custody, our goal is to provide food, shelter and care to her under federal statute. In this specific case, we are providing excellent care to the adolescent girl and her unborn child, who remain under our care until the mother's release."

Trump Appointee Brings Antiabortion Mission to Immigration Shelters

Scott Lloyd, as head of Office of Refugee Resettlement, has tried to block abortions for teens held in custody

Scott Lloyd, director of the Office of Refugee Resettlement at the Department of Health and Human Services, testified during a congressional hearing concerning the oversight of the U.S. refugee admissions program on Capitol Hill on Thursday.

By Laura Meckler and Brent Kendall

Oct. 27, 2017 8:53 a.m. ET

WASHINGTON—After a visit to a federal detention center in Texas earlier this year, Scott Lloyd focused on the details of one pregnant girl. He wanted to ensure she had food she liked and was comfortable, and he wanted to counsel her against having an abortion.

"Often these girls start to regret abortion," he wrote in March in a follow-up email to a subordinate. "If this comes up, we need to connect her with resources for psychological and/or religious counseling."

The shelter, for children who cross the U.S. border illegally on their own, is overseen by the Department of Health and Human Services, and Mr. Lloyd runs the HHS office charged with their care.

Under his leadership, the agency has made it a policy to block abortions for teens in its custody. Mr. Lloyd, a 38-year-old lawyer who has long taken socially conservative positions, has repeatedly phoned or met with pregnant girls to discourage abortion since he began his post in March, according to court filings and administration officials.

His efforts thrust the Trump administration into a whirlwind legal battle after another girl, known anonymously in legal papers as Jane Doe, insisted on having an abortion in the face of pressure not to. The administration argued it shouldn't be forced to facilitate an abortion for the undocumented 17-year-old Central American girl, but an appellate court disagreed, and the abortion was performed Wednesday.

Mr. Lloyd declined to comment for this article.

AMERICAN OVERSIGHT

Supporters of Mr. Lloyd, a longtime antiabortion activist, say he is doing what he should to care for vulnerable expectant mothers. Critics say the department's policy of discouraging and even blocking abortions is inappropriate and unconstitutional.

"It is extremely troubling to me, Mr. Lloyd, what is happening, and I think you are far overreaching over your expertise," Rep. Pramila Jayapal (D., Wash.), told Mr. Lloyd at a congressional hearing Thursday, where he was repeatedly pressed by Democrats on these practices.

At the hearing, Mr. Lloyd didn't respond to the criticism nor did he answer many questions about what kind of contact he had with pregnant girls at the shelters.

"I'm out in the field in many of our locations and we, I meet with, you know, dozens and perhaps hundreds of the people who we serve," he said. "And so among them I'm certain that some of them, some of them were pregnant at the time."

Internal HHS emails produced in litigation indicated that in March there were 38 pregnant minors in the care of Mr. Lloyd's office. The emails were released during lawsuits filed by the American Civil Liberties Union, which is still challenging the constitutionality of HHS' policy.

Mr. Lloyd's work is just one example of a broader push by the Trump administration to deliver socially conservative policies. Mr. Trump has signed legislation that allows funding cuts to Planned Parenthood and rescinded a mandate by President Barack Obama that all employers offer contraceptive coverage under the Affordable Care Act. The president undid protections for transgender students in schools and in the military, and appointed a conservative jurist, Neil Gorsuch, to the Supreme Court.

AMERICAN OVERSIGHT

The administration itself is populated by many social conservatives, including Mr. Lloyd, to the delight of conservative activists.

"Personnel is policy," said Billy Valentine, vice president of public policy at the antiabortion group Susan B. Anthony List. "I'm very glad Scott is in the position he was to make clear the government was going to provide excellent health care to the mother and the unborn child."

Mr. Lloyd, a practicing Catholic who has six children, had an early brush with contentious national debates while he was in law school at Catholic University: He assisted the parents of Terri Schiavo, who fought a high-profile court battle to keep their daughter alive against her husband's wishes when she was in a persistent vegetative state.

After graduation, he joined the George W. Bush administration and helped develop a "conscience" regulation to protect workers who didn't want to participate in certain medical services.

He later co-founded LegalWorks, a "pro-life apostolate" law firm embracing what the firm calls "the belief that the practice of law should be guided by the principles of our faith in every respect."

In a series of essays, he repeatedly argued against both abortion and contraception. In 2009, he wrote that government funding for contraception would lead to more abortions because contraception sometimes fails. He suggested that women who use government-funded contraception be required to promise not to have an abortion if that happens.

Under Mr. Obama, HHS allowed undocumented teens in custody to routinely obtain abortions. Now these requests are flagged to Mr. Lloyd, who has repeatedly called and met with these girls, an agency spokesman said.

AMERICAN OVERSIGHT

One email chain from March shows Mr. Lloyd telling staff who were caring for a pregnant girl in Arizona that "the unborn child is a child [in] our care" and noted that the girl had mentioned she was feeling sad.

"Clinician should work to identify any pressures that might be leading her to desire termination (does she feel pressure to get to work, is there emotional abuse, etc.) and what is leading to her sadness and anger," Mr. Lloyd wrote.

He told staff that spiritual counseling was available and directed that if she hadn't yet had an ultrasound, she should do so at a religiously-affiliated crisis pregnancy center in the Greater Phoenix area.

Mr. Lloyd also said the girl "should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at this point," according to emails made public through litigation. Judicial bypass refers to a process allowing an underage girl to obtain an abortion without her parents' consent.

In the Texas case from March, Mr. Lloyd wrote in an email that the girl was nauseated because of her pregnancy and had requested bananas and soup. He said she had pain in her arms and legs at night, possibly due to her mattress, and suggested using plywood instead of planks underneath, or possibly foam on top.

It is unclear what happened afterward.

In the Jane Doe case that sparked the intense legal battle this month, court papers filed by the ACLU say that the girl had told officials at her shelter that she wanted to terminate her pregnancy, but they resisted. She made clinic appointments but missed them because the shelter wouldn't allow her to leave, she said in the papers.

AMERICAN OVERSIGHT

Officials instead took her to a religiously affiliated center that showed her a sonogram and urged her to carry her pregnancy to term. She was granted permission to have the abortion procedure only after the case was litigated up to a federal appellate court.

Asked about this case, an agency spokesman noted that the statute makes the agency the legal guardian of these children and asserted this means Mr. Lloyd is "foster father" for the children in custody. Mr. Lloyd, the spokesman said, sees it as his responsibility to make "good choices on their behalf."

Hi Brian,

Thanks for your time on the phone right now. The best time for us on Monday would be between noon and 2 p.m. Our bureau is located at 1919 M St., N.W.

AMERICAN OVERSIGHT

Here's the main questions:

1. You've reportedly worked to persuade detained unaccompanied minors in ORR shelters not to have abortions. What is your policy for pregnant teenagers in these circumstances and what is your hope for them?

2. What's the challenge –how many are pregnant in your shelters—and what are they typically hoping to do?

3. Can you comment on HHS saying "there is no constitutional right" for an immigrant minor to have an elective abortion while in federal custody?

4. What would you like taxpayers to know about the care that you are giving unaccompanied minors in ORR shelters. One of your spokespersons described your role as like a "foster parent"—do you see it that way?

Thanks for your help in facilitating this interview.

Heather

(Adding Maggie.)

To make sure everyone here sees/hears what Attorney General Sessions said publicly on Friday, here are important excerpts (my rough transcription):

Bret Baier –
"There are pro-life critics out there saying your department dropped the ball on this, and that you had the chance to file on time; that would have prevented the ACLU from kind of moving the process along, and she actually had the abortion."

Attorney General Sessions –
"…they were able to…have the abortion at 4:30 in the morning before we were filing our brief the next morning. My lawyers tell me that they were told by their lawyers that that would not happen. This was a total surprise, really a breach of the kind of confidence that lawyers should be able to have with one another, and we were very upset about it, and I think it's a serious problem. Should not have happened. We're disturbed about it, I got to tell you."

AMERICAN OVERSIGHT

"I'm very disappointed that these lawyers were able to take the client around the law to avoid our hearing that we were filing."

From: (b)(6) <(b)(6)@iestex.org>
Subject: RE: Update on pregnant UAC? - Request for Additional Information
Date: 31 October 2017 12:35
To: "Brooks, Teresa (ACF)" <Teresa.Brooks@ACF.hhs.gov>, (b)(6)@iestex.org" <(b)(6)@iestex.org>
Cc: (b)(6) <(b)(6)@iestex.org>, "(b)(6)@iestex.org'" (b)(6)@iestex.org>

Good Morning Teresa,

As discussed, I apologize for delay, I was at children's program earlier and had not seen your email request.

With regards to UAC voicing "TOP", her pregnancy has been confirmed by Dr. (b)(6) OB/GYN. UAC's initial OB/GYN appointment took place on 10/27, UAC verbally consented to entire medical exam, including sonogram and 1st trimester lab work. OB/GYN noted minor was approximately 9 weeks' gestation on 10/27/17. Following the completion of doctor's examination, UAC informed Dr. (b)(6) that she did not want a baby and openly informed Dr. (b)(6) she is seeking to terminate pregnancy. Dr. (b)(6)

AMERICAN OVERSIGHT

acknowledged UACs statement and responded that she should discuss her options further with care provider. UAC responded to Dr. (b)(6) that care provider was aware of her wishes, UAC was in the presence of Medical Coordinator and Dr. (b)(6) stated to Medical Coordinator that his office could provide information regarding local "options counseling" and other resources, program Medical Coordinator informed Dr. (b)(6) that program would elevate minor's request to appropriate officials and seek further guidance before discussing minor's request. Dr. (b)(6) stated he understood and reiterated that should minor undergo procedure he would be prepared to conduct follow-up with her after procedure. At no point in time during initial OB appointment were any "options" discussed with UAC, care provider staff and Dr. (b)(6) did not issue information or resources to UAC, instead care provider and doctor listened attentively and informed her that her request would be noted. UAC's next OB/GYN appointment in 11/21/17 at 9:00 a.m.

UAC disclosed pregnancy to her mother on 10/26, however she has not disclosed her request for "TOP". In addition, sponsor is not aware of pregnancy or UACs request for "TOP". At this time, minor has stated she is not willing to inform sponsor of pregnancy and we continue working with UAC with regards to sharing her request for "TOP" with her mother. UAC has requested to meet with ProBAR (legal service provider) follow up with legal service provider is pending.

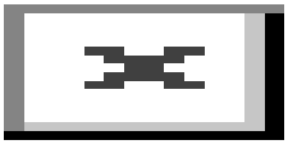

Please be advised at this time care provider has received an incomplete FRA from sponsor (unverified brother in law). Care provider has received UAC's birth certificate, UAC's adult sister (sponsor's wife) birth certificate and UAC's mother's birth certificate. In addition, UAC's mother has provided a notarized letter from home country authorizing sponsor to take care and take custody of UAC. However, sponsor has yet to provide a copy of his birth certificate and a copy of marriage certificate (to prove formal relationship with UAC). As previously reported, sponsor resides and works in (b)(6) (b)(6) the nearest fingerprint site is an 8 hour drive, however sponsor stated he would make the necessary arrangements to travel to site. Sponsor has not returned Authorization for Relapse of Information forms therefore fingerprint appointment has not been scheduled. Please also note that minor's (b)(6) and (b)(6) remain in DHS custody. According to sponsor he has not had communication with his wife (UAC's sister). Sponsor also has reported he resides in a home with other adult household members, his brother, his brother's wife and their children. At this time sponsor has not reported any criminal history with the exception of an immigration arrest. Sponsor disclosed that (b)(6) (b)(6) (b)(6) According to sponsor he is attending immigration proceedings and he is without legal status. Sponsor reported he intends to comply with all immigration hearings. Please also note that UAC has denied a history of abuse, mistreatment or neglect, there is no known history of trauma and UAC has described her relationship with her mother as "positive".

Please advise if further information is needed or if there any further questions or concerns, thank you.

Teresa/Jallyn,

Would you please update me on the latest in reunification progress for the UAC at IES LF who is currently pregnant and expresses interest in TOP? Appreciate latest on OBGYN appointment outcomes, discussion with her mother, and especially on reunification. If you could provide by 10AM Central time Tuesday would be very helpful.

The PRS provider wants to know about informing the sponsor who is not aware of this past incidence and already having trouble controlling UACs behavior. PRS provider is also concerned about worker's safety.

Subject: [WARNING : MESSAGE ENCRYPTED] Fw: NOC - (b)(6) - A# (b)(6)

Hi Gail and Harmony,

We are sending this NOC directly to your inboxes as well due to the severity. The minor disclosed killing someone in COO as part of a gang initiation ritual and it does not appear this was previously disclosed to the shelter. Are there other entities who we should contact such as the consulate, police, etc?
Please let us know. Thank you!

Elsie

Please see the series of correspondences, below this message, with special attention to the correspondence immediately below.

With this instruction in mind, please move forward to rescind or terminate the current home study process for UC (b)(6) and move forth with an ORR release decision of "release" for the UC, ensuring that the minor is provided with an appropriate safety plan and list of associated resources.

Please ensure that this action is taken today, before the COB.

Thank you for your efforts in resolving this case.

Good morning,

As per our discussion this morning in staffing, Program will submit a corrective action to address the below:

- What has been done to support new clinical staff / How long do new clinical staff shadow prior to obtaining a full caseload
- What trainings have been completed to ensure that new clinical staff know the timeframes for documentation in the CR
- What trainings have been provided to know that new clinical staff are aware that while ITIO is a SWK Program, information has to be accurate in the UAC portal as well

Thank you Mr. (b)(6) for sitting in on staffing this morning.

From: De LA Cruz, James (ACF)
Sent: Thursday, March 09, 2017 7:16 PM
To: ORR DUCO - Federal Field Specialists
Cc: Viola, Sarah (ACF)
Subject: Follow Up Pregnant UC Guidance for ORR FFS 03/09/2017

Hello FFS,

This email contains an attachment that you should open, read, and **forward** to your assigned Care Provider Case Managers, Clinicians, and Medical Staff. In addition to the attachment please find below instructions for you to follow as Care Provider staff alert you of any cases of pregnant UC. (Sarah please work with the POs to ensure that Care Provider Administrators are also provided with the attached guidance.)

As you are aware ORR is reviewing case process for pregnant UC. This includes when a UC is found to be pregnant and what to do **BEFORE** the care provider proceeds to explore with the UC what her options are. That guidance is:

AMERICAN OVERSIGHT

- If the care provider discovers that they have a pregnant UC in their facility they should immediately submit an SIR as they normally would. (You the FFS and the ORR Medical Team should be copied.)

- The care provider should contact you the FFS directly with any questions or requests in writing. Requests should include clarification and instruction, **in advance**, about how to proceed with offering the girl guidance for her birth options or medical procedures.

- It is important to know that ORR's Acting Director, Ken Tota, should be informed of the case by your FFS Supervisor as soon as cases are identified and as care providers request guidance.

- You the FFS will need to follow up with your supervisor, and medical staff (to be identified by Dr. Bartholomew) before the care provider takes next steps in the girl's case. Until instructions are provided to the shelters they should not proceed with next steps in the case.

- If the UC has an emergency medical concern then the care provider should immediately seek emergency medical care and immediately notify you, their FFS, FFS Supervisor, or on call ORR staff during non-business hours.

Thank you for your assistance in this issue and please know that Senior Management will send out updated guidance as policy and procedures are developed. If you have any questions please contact your FFS Supervisor.

Type:	Note

A message from FAIRFAX COUNTY PUBLIC SCHOOLS

This message is sent to all FCPS parents from the Fairfax County Health Department.

Dear Parent or Guardian,

This is the time of year when we expect to see an increase in the number of respiratory infections in our community, including influenza, throat infections (pharyngitis), and other common illnesses. While these respiratory infections are not unusual for this time of year, there are a number of things that you can do to protect your child and others.

To help control the spread of respiratory illnesses:

- • **Talk to your medical provider about flu vaccination for your child:** Vaccination is the single best way to protect against the flu. *It is recommended that all children aged 6 months through 18 years of age receive the flu vaccine each year.* Flu vaccine is readily available in the community and we encourage you to get it as soon as it is available in the fall and early winter.

AMERICAN OVERSIGHT

- **• Encourage your child to adhere to standard disease prevention recommendations:**
    - • Use tissues and dispose of them properly.
    - • Cover your mouth with a tissue when coughing or sneezing, or cough into the upper sleeve.
    - • Do not cough or sneeze into the hands.
    - • Avoid touching the eyes, nose, and mouth to prevent the spread of germs.
    - • Wash hands regularly with soap and water for 15-20 seconds.
    - • Use alcohol-based hand sanitizers, when soap and water are not available (with supervision).
    - • Do not share drinking glasses or eating utensils.

- **• Routinely clean and disinfect surfaces at home that are high contact areas:** Use regular household cleaning products or mix ¼ cup chlorine bleach with 1 gallon of cool water to wipe down high contact areas. Always follow label instructions for any disinfectant.

- **• Monitor your child for signs of illness:** Symptoms of flu include fever, headache, extreme tiredness, dry cough, sore throat, runny or stuffy nose, and muscle aches. Nausea, vomiting, and diarrhea may also occur, and are much more common among children than adults. Symptoms of throat infections commonly include fever and sore throat without the stuffy nose and cough. The common cold usually does not present with fever.

- **• Contact a doctor if your child shows symptoms of a respiratory illness:**
    - • Fever (100°F. orally, or 102°F. rectally) AND chills, cough, sore throat, headache, or muscle aches.

AMERICAN OVERSIGHT

To prevent spreading illness to others, keep children home when ill. If your child has flu-like symptoms he or she should remain home and away from others until symptom-free and without a fever for at least 24 hours. Treatment may be available and if given, you should follow the doctor's directions for taking the prescribed medicine. If your child has been diagnosed with bacterial pharyngitis (i.e. strep throat) he or she should remain home for at least 24 hours after starting antibiotics. This will ensure that the spread of disease is limited as much as possible.

A fact sheet on influenza with information about the flu vaccine is attached for your information. If you have any questions, please contact your school nurse or the Communicable Disease Epidemiology unit at 703-246-2433, TTY 711.

Sincerely,

(b)(6), MD, MPH

Influenza Fact Sheet

What is influenza?

Influenza is commonly referred to as "the flu." It is a viral infection of the lungs. There are two main types of influenza virus: A and B. Each type includes many different strains.

When does influenza occur?

Influenza occurs most often in the late fall and winter months in the United States.

Who gets influenza? How is it spread?

Anyone can get influenza, but it is most serious in young children, the elderly, in people with chronic illnesses (e.g., lung disease, heart disease, cancer, or diabetes) or those with weak immune systems. Influenza spreads easily in discharges from the nose or throat, usually when an infected person coughs or sneezes.

How soon after exposure do symptoms appear? What are the symptoms of influenza?

Symptoms usually appear 1 to 3 days after exposure. Influenza symptoms can include a sudden onset of fever, headache, chills, cough, sore throat, and body aches. Diarrhea is not common. Although most people are ill for less than a week, some people have complications and may need to be hospitalized.

AMERICAN OVERSIGHT

How is influenza diagnosed and treated?

Some laboratory tests are available to diagnose influenza; however, doctors usually diagnose influenza from the person's symptoms. Rest, liquids, and over-the-counter medicine (e.g., acetaminophen-Tylenol®) are the usual treatments. Some prescription drugs may reduce the severity of influenza. Aspirin should not be given to children with fever-causing illnesses because of the possibility of a complication called Reye's syndrome.

How long can a person spread influenza?

Influenza can spread from one person to another beginning about one day before symptoms appear through about a week after onset.

Who should be vaccinated against influenza?

All persons who want to reduce the risk of becoming ill with influenza or of transmitting it to others (and do not have a contraindication) should receive an influenza vaccination each year. Yearly vaccination is important because: 1) influenza strains change from year to year, and 2) immunity gained from the vaccine decreases over time.

Particular effort should be made to immunize people at higher risk for influenza infection or complications. This includes all children aged 6 months-18 years, all persons aged >50 years, and:

- Women who will be pregnant during the influenza season;
- Residents of nursing homes and long-term care facilities;
- People who have long-term heart or lung problems, including asthma; and,
- People who have other serious medical conditions, such as kidney disease, cystic fibrosis, diabetes, anemia, cancer, weak immune systems (including those with HIV), or a seizure disorder.

To help prevent the spread of influenza to people in high risk groups, those who live with people in a high risk group and healthcare workers who provide care to high risk patients

AMERICAN OVERSIGHT

should also receive an annual influenza shot. Travelers to countries outside of the U.S. may also need to consider influenza vaccination.

What are other steps that can be taken to prevent the spread of influenza?

Good health habits can help prevent influenza. These include covering your mouth and nose with a tissue when coughing or sneezing; washing your hands often to help protect yourself from germs; avoiding touching your eyes, nose or mouth; staying home from work, school, and errands when you are sick; and avoiding close contact with people who are sick. Antiviral medications may also be used to prevent or treat influenza, but are not a substitute for vaccination. For more information, visit the Centers for Disease Control and Prevention website (www.cdc.gov/flu/) or talk to a healthcare professional.

Subject: FW: Heightened Medical Procedures Guidance

Hello FFS,

It is important that you take immediate steps to ensure that all of your assigned programs received the email sent by the ORR Acting Director last Friday evening. The email and attachment was provided to our network provider administrators with the intent that case managers, clinicians, and care provider medical staff receive the same information.

Please confirm in writing\email that your assigned shelter case managers, clinicians, and care provider medical staff received the message and that they also

AMERICAN OVERSIGHT

understand the attached memo. If they have any questions they should let you and your supervisor know so that their questions can be answered.

I am copying the Project Officers with the request that they also follow up with assigned shelter administrators to ensure that they received the email and attachment.

If they or you know of any applicable medical procedures pending authorization immediately inform your supervisor.

Thank you for your assistance in this request.

AMERICAN OVERSIGHT

From: ORR Director (ACF)

Sent: Friday, March 03, 2017 11:17 PM

Subject: Heightened Medical Procedures Guidance

Importance: High

Dear Colleagues,

I am writing to reinforce the importance of ORR policies and procedures related to Heightened Medical Procedures, including "significant medical or surgical procedures, abortions, and services that may threaten the life of a UAC."

Per the policy, "Grantees are prohibited from taking any actions in these cases without direction and approval from ORR." Approval for such procedures would be provided in the form of a signed authorization from the Director of ORR. To restate and reinforce the existing policy, ***grantees may not perform Heightened Medical Procedures without written authorization from the ORR Director***, except in emergency medical situations (as described in Emergency Medical Services, 3.05). Grantees should not conduct procedures, or take any steps that facilitate future procedures such as scheduling appointments, transportation, or other arrangements without signed written authorization from the ORR Director. Note that the requirement for written authorization by the ORR Director applies whether the procedure will be paid for with Federal funds or by other means.

In your role, please ensure close adherence and understanding of the policy. It is important that your discussions or correspondence in no way confer or imply approval. Approval can only be authorized by the ORR Director in writing.

AMERICAN OVERSIGHT

The policy on Heightened Medical Procedures is attached. If there are questions or concerns, please do not hesitate to write.

Sincerely,

Ken Tota

Acting Director

Hi,

AMERICAN OVERSIGHT

I need this information ASAP.

Date- Minor went to court for judicial bypass (Need for each time she went.)

1.
Court Name

2.
Court Location

3.
Attorney Present (Was this a Vera Attorney or an attorney who volunteered for the judicial by pass.)

4.

The following staff were notified:

Date- If judicial bypass was denied, who was involved in submitting a new petition on behalf of the minor?

Date- Judicial bypass was authorized (include copy of court order)

Subject: RE: Termination of Pregnancy request

Good Morning,

I am providing an update on the progress that we have made on the below case, and the steps below that have been followed up until this point.

1) New trial was heard and judge approval of termination of pregnancy has been granted. We have also completed a psychological evaluation, however I am pending the results from the evaluation.
2) The home study is currently active and was requested on the below reasons. Due to the household member refusing to be finger printed, the sponsor is moving to a new apartment this

AMERICAN OVERSIGHT

weekend. The new household member has agreed to be finger printed. We are pending a new home study visit, and the finger print results.

3) The sponsor has been notified that as a woman, the client will need to have an OB and family doctor within the community. The doctor's information will be included in an in-depth safety plan as well as the medical portion in the UAC Portal.
4) A new clinic, (b)(5) has been found who can perform the procedure up until the 23rd week. The brother will no longer need to be notified that the client is pregnant as the client will have the termination before reunification. The clinic will give a 24 hour consultation/consent as is mandated by the state, and the procedure will be set for next week. The client is within the time frame of termination and the clinic will accept the judicial bypass. Following the procedure, the client will be provided with recovery time to ensure a safe reunification of the client to sponsor.

Please let us know if there are any further questions or concerns at this time. Thank you very much for your recommendations.

Thank you,

Subject: Termination of Pregnancy request

Good afternoon,

We will be cancelling the conference call for this afternoon. After a conversation with Jim De La Cruz as to the best way forward with this case we have decided the following:

1) The judge called into question this minor's capacity for medical decision making and the field staff and shelter staff have noted that she is "delayed". As I have done in prior complex cases

AMERICAN OVERSIGHT

that involve a serious medical procedure, we are requesting that this minor undergo formal evaluation by a psychologist to assess her mental capacity in the next few days. (b)(5)

(b)(5)

2) The sponsor needs to have an expedited in depth home study for a number of reasons – 1) the possibility that his younger sister has a developmental delay and she will require more support than he might be able to provide; 2) the possibility that he would have to care for her if we were to release her being pregnant if she agrees to disclose her pregnancy to him; 3) to ensure the minor's safety with the brother;
I have cc'd Gail Houppert who directs the Home studies and PRS to ensure that this home study is expedited given the time sensitivity with this young lady advancing in her pregnancy

(b)(5)

4) The shelter staff and case management staff should continue to work with the minor to help understand her situation and the importance of disclosing her medical condition to her parents or brother.

(b)(5)

Thank you for your time and help on this case.

Good Afternoon Shaanan,

The sponsor is the brother, 20 years of age, resides in Florida. If the minor was indeed medically stable for discharge, we could of course discharge the minor to the sponsor. However, the sponsor would still be unaware of the client being pregnant from being sexually assaulted, and wanting an abortion. Therefore, the sponsor would not be prepared for the release of the minor, and possible withdrawal from being a sponsor. Further assessment is still needed at this time to ensure a safe release of the minor.

Please let me know if you have any questions.

Thank you,

Good Morning Shaanan,

The law confirms the gestational age in Arizona below:
Prohibiting Abortions Past 20 Weeks of Pregnancy (A.R.S. § 36-2159) – Prohibits abortions past 20 weeks gestation, except in the case of a medical emergency.†

The sponsor for this minor is in Florida, and the status of reunification is pending the medical condition of the client. All other documentation has been provided by the sponsor for reunification.

Thank you,

Good Morning!

As previously staffed with our leadership, it was determined that the notarized letter from the parents would not be sufficient for the termination to take place. The client may be open to speaking with her mother if we were able to obtain permission to proceed with the notarized letter of consent from the mother in home country.

AMERICAN OVERSIGHT

(b)(5)

As the clinician has stated below, that the client does not feel comfortable informing her family, and would like to appeal. Please let me know if there are any questions.

Subject: Arizona Laws regarding abortion

AZ Laws regarding Abortion:

AMERICAN OVERSIGHT

*Arizona law requires that women under 18 years old seeking an abortion must either have the **notarized** written permission of one of their parents/legal guardian or permission from a Superior Court Judge.*

Ensuring Adequate Consent

•Parental Consent (A.R.S. § 36-2152) – Requires parental consent for minors seeking abortions but allows for judicial bypass. Requires the parental consent to be obtained on a form to ensure that parents are informed of all of the medical risks of abortion before giving consent. Requires parental consent to be notarized. Allows parents to sue (1) an abortion provider who performs an abortion on their minor daughter without parental consent or (2) any person who assists a minor in obtaining an abortion without parental consent.

•Informed Consent (A.R.S. § 36-2153) – Information must be provided 24 hours in advance to a woman seeking an abortion about the risks and alternatives of the procedure, the probable gestational age and physiological characteristics of the preborn child, and the services available from public and private agencies to assist during pregnancy and after birth. Requires that the information is provided at an in-person consultation with a doctor. Allows a woman to file a lawsuit against an abortion provider who fails to obtain informed consent. Requires the Department of Health Services to create and maintain a website providing unbiased information about fetal development, the risks of abortion, and information about alternatives to abortion.

•Informed Consent for Lethal Condition (A.R.S. § 36-2158) – When a woman discovers that her child may have a life-threatening birth defect or other fetal condition, information must be provided 24 hours in advance about the support that is available to her, including perinatal hospice. Requires the Department of Health Services to create and maintain a website providing unbiased information about perinatal hospice and assistance available for children with special needs.

•Opportunity to View Ultrasound (A.R.S. § 36-2156) – Requires an ultrasound to be performed at least 24 hours before every abortion, and a woman seeking abortion must be offered the opportunity to view the ultrasound and hear the baby's heartbeat, if audible.

•Coercion Prohibited (A.R.S. § 36-2153) – Prohibits a person from intimidating or coercing another person into having an abortion and allows minors to obtain public assistance benefits if parents cut off financial support because the minor refuses to have an abortion. Requires that all abortion clinics conspicuously post signs that state it is unlawful for any person to intimidate or coerce another person into having an abortion.

•Foster Parents (A.R.S. § 8-514.05) – Foster parents may not consent to abortion for a foster child.

•Fiduciaries (Arizona Code of Jud. Admin. § 7-202) – Fiduciaries may not consent to abortion for a ward without a court order.

Subject:	RE: IES Los Fresnos TOP case questions
Date:	2017/10/05 22:38:21
Priority:	Normal
Type:	Note

Sir,

I was asked today as to if it would be permissible for the UAC to be "transferred" to an IES Foster Program in the South Texas region at this time. The UAC is nearing, or has just passed, the end of her first trimester – which is the "usual" marker for a standard shelter to seek a less restrictive and more homelike setting for UAC, if capacity permits.

Please advise as to if there is a concern or objection to the UAC being transferred.

The IES Shelter is able to continue to meet the UAC's needs for several more weeks if this is determined to be the most prudent course of action.

Thank you,

Teresa

As of this morning, the IES Los Shelter Program reports the following:

The child has not yet spoken with her father as he works in Mexico and is often out of the family home for extended periods of time. The Program has obtained a telephone number for the father and will attempt to make a call to him today to allow the minor to communicate with her father if she wishes.

The child's mother continues to contact the Program to check on the welfare of her daughter. The child continues to decline to speak with her mother.

The child has not made an affirmative request to continue with the TOP since last week on Friday or Saturday. The child has not voiced that she wishes to continue with pregnancy either. The child has become less communicative with the Program as the TOP situation has continued to progress.

Jonathan and Michael,

Upon reviewing the Portal regarding UAC (litigation progressed this evening), I saw that the UAC is being prevented from having any physical activity and is complaining about that. The program is doing this pursuant doctors' orders.

I am not a doctor, but we've had a few pregnancies in our family, and the advice is always that physical activity may continue according to the level that occurred before the pregnancy. I wonder if we can get a second opinion, on the question of whether physical activity is allowable? I've seen no indication that the pregnancy is high-risk in any way.

Thank you,
Scott

Jonathan and Toby,

Scott would like your comments/ edits to the new policy by COB today or Tuesday. Let me know what is more doable. I'd like one of you to review and then the next person so I don't have to combine two different documents with comments/ edits. It will be easier for clearance. Let me know if that is doable and who will edit/ comment first.

Thanks,
Laura

I can take first stab. There's also a nifty feature in word called "combine" which magically combines redlines and comments from two different users in separate colors so you can tell who did what.

AG Paxton: Texas Must Not Become a Sanctuary State for Abortions

AUSTIN – Attorney General Ken Paxton today filed a friend-of-the-court brief with a U.S. District Court in San Francisco in defense of the federal government's right to deny access to abortion servic to an unlawfully-present minor alien in Texas. Immigration officials detained the unlawfully-present alien ("Doe"), who entered the U.S. without her parents, in a shelter funded by the U.S. Department Health and Human Services in Brownsville.

"No federal court has ever declared that unlawfully-present aliens with no substantial ties to this country have a constitutional right to abortion on demand," Attorney General Paxton said. "If 'Doe' prevails in this case, the ruling will create a right to abortion for anyone on earth who enters the U.S. illegally. And with that right, countless others undoubtedly would follow. Texas must not become a sanctuary state for abortions."

Attorney General Paxton told the court that "Texas has a legitimate and substantial interest in preserving and promoting fetal life, as well as an interest in promoting respect for human life at all stages in a pregnancy."

"Doe" first filed a lawsuit in Texas state court, seeking to compel Health and Human Services to take her to get an abortion. Now the American Civil Liberties Union (ACLU) is asking a federal court in San Francisco to allow it to add "Doe" to a pending lawsuit against Health and Human Services and the U.S. Conference of Catholic Bishops over a completely unrelated dispute.

Joining Texas on the amicus brief are the states of Louisiana, Missouri, Nebraska, Ohio, Oklahoma, and South Carolina.

View the amicus brief here: http://bit.ly/2ye2ItY

According to the Centers for Disease Control, one of every ten babies in the United States are born prematurely, and six of every 1,000 die before reaching their first birthday. While the infant mortality rate has been declining over the years, African American infants are twice as likely to die as white babies.

When it comes to maternal health, deaths related to pregnancy have actually increased in the United States over the past quarter century. The data is even more stark for women of color, who are up to four times more likely to die of pregnancy-related complications than white women.

Despite advances in medical care, why is the United States lagging behind other developed countries when it comes to maternal and child health? How can barriers and disparities for mothers and children of color be tackled at both the community and clinical level to improve outcomes?

The Hill will gather policymakers, health officials, medical experts and patient advocates for a discussion on improving maternal and child health in the United States.

Type:	Note

Hi Jonathan,

We followed up with the Program regarding clearance for cardio type exercises. The OB (Dr. (b)(6) continues to restrict her activity from dance and zumba due to concerns about placental abruption.

My recommendation is that the program adheres to the treating OB's instructions. A second opinion would not be wise.

During the month of October, a series of wildfires broke out throughout Napa, Lake, Sonoma, Mendocino, Nevada, Orange, Yuba, and Butte counties during severe fire weather conditions effectively leading to a major red flag warning for much of the Northern California area. As a result of the extreme conditions the fires have rapidly grown to become massive conflagrations spanning from 1,000 to well over 20,000 acres in some areas.

AMERICAN OVERSIGHT

As these fires continue to spread, more and more communities are being impacted, and residents are being asked to evacuate from their homes. With that in mind, we want to ensure the families ACF serves are preparing for the potential of having to evacuate. Below are some links to resources we related to evacuation and the populations we serve:

DHUC Weekly Report
October 13, 2017

1. Policy Initiatives for Upcoming Week

2. Events for Upcoming Week

- No Public Facing Events Schedule for DHUC

3. Important Meetings for Upcoming Week

- No Meetings of Significance Scheduled for DHUC

4. Implementation of Program Priorities

(b)(5)

AMERICAN OVERSIGHT

(b)(5)

5. Emerging Issues and Opportunities

a. Staffing: Dr. Meyerstein returned from deployment to Florida and Puerto Rico to assist with hurricane response efforts status on October 10.

b. Follow-up meeting held (September 18) with CDC (initial meeting Aug 10) to continue discussions on recently released recommendations to Zika testing and surveillance and determine the impact to ORR/DHUC and the UAC patient population; DHUC recommendations forthcoming to leadership

AMERICAN OVERSIGHT

c. Discussing with CDC on the possibility restarting a stalled collaborative project involving violence exposure among UAC-preliminary meeting re-scheduled for late October 2017

d. Vaccine Coverage among UAC population in ORR care: DHUC continues to work in collaboration with stakeholders in determining data trends for this analysis

e. Educational efforts: DHUC Staff developing new program onboarding curriculum.

f. Responding to pregnancy related requests

6. • **Congressional Activities**

7. • **Other Items of Note**

- Zika virus disease-related activities:

a. Mosquito Control Initiatives: guidance messaging related to mosquito control inspections of programs during August distributed; adherence is being reported and corrective actions are being implemented;

b. • An infant was born 5 days after his mother's referral to ORR care; the newborn has laboratory evidence of Zika virus infection. DHUC is pending information from the TX DSHS on the case classification and whether this will be counted as congenital Zika virus disease (laboratory evidence of infection + clinical evidence of congenital anomalies) or Zika virus infection (laboratory evidence of infection, but no clinical evidence of congenital anomalies). Zika test results for the mother are pending. Mother and child have been reunified in Texas with Post-Release Services.

c. • Continuing to touch base as needed with CDC as needed

d. • Finalizing Zika virus SOP for UC Ops Guide

e. • Notifying released UC/sponsors about Zika results

f. • Zika virus line list (no change from previous report):

Zika Virus Disease, confirmed and probable cases [1]
Total confirmed cases: 1
Total probable cases: 2

-

AMERICAN OVERSIGHT

Laboratory tests compatible with Zika virus infection [2]
Total count: 7

-

Laboratory tests compatible with Flavivirus infection, not otherwise specified (NOS) [3]
Total count: 34

-

Pending case classification [4]
Total count: 5

-

1 Reported symptoms, including past symptoms that have since resolved, AND laboratory tests compatible with Zika virus infection (confirmed), or Flavivirus NOS (probable). Currently, only cases who meet the confirmed or probable Council of State and Territorial Epidemiologist Case Definition are reported on the CDC website.

2 No symptoms, but laboratory tests compatible with recent Zika virus infection. Currently not reported on the CDC website.

3 No symptoms, but laboratory tests compatible with Flavivirus NOS infection (i.e., inconclusive test results; could be Dengue). Currently not reported on the CDC website.

4 4 Pending more information about state and CDC classification of case.

8. • **Pending Clearance items and Monitoring Reports**

Hi Jonathan,

I hope all is well. I'm an Austin-based health care reporter for POLITICO and am working on a story this weekend about the "Jane Doe" case in Brownsville – regarding the unaccompanied minor that is trying to get an abortion.

Wondering if you have a few minutes to chat with me?

Thanks,

Renu

Subject:	Re: Questions from today about pregnant girls in UAC Program care
Date:	2017/10/17 18:57:50
Priority:	Normal
Type:	Note

Hi Jonathan

Thank you for the email. Talking with Lara the final tally after confirmation with some of the programs today is 43 pregnant UAC in our care. However, this number must be used with caution and clarifying parameters including....this total
is as of Monday October 16. This number changes daily because of admissions and discharges and is likely now 45-ish. Lastly, our data is reliant upon proper and timely data entry by programs and their staff.

At this time you could say that the number of pregnant UAC in custody is between 40-50....or under 50; which is different than the hundreds mentioned in the media.

Please let me know if you need anything further.

AMERICAN OVERSIGHT

Michael

On: 17 October 2017 17:04, "White, Jonathan (ACF)" <Jonathan.White@ACF.hhs.gov>wrote:

Good afternoon,

Several of you had questions today on actual numbers. As I indicated, media reports of "hundreds of pregnant girls in ORR custody" currently and "3-4 abortions each month in the last Administration" are not supported by evidence.

Here are the numbers available to us, based on data collected by ORR's Division of Health for Unaccompanied Children (DHUC):

Number of Pregnant UAC Currently in ORR Care

- 40

Numbers of pregnancy terminations for UAC in ORR custody

FY17: Ten (10) Terminations total

- Federally Funded: 4

AMERICAN OVERSIGHT

- Non-Federally Funded: 6 (included-SWK Kokopelli/SWK Casa Blanca)

FY16: Eleven (11) Terminations total

- Federally Funded: 6
- Non-Federally Funded: 5

If there are questions, please don't hesitate to reach out to me.

Subject:	Compliance with Court Order
Date:	2017/10/18 17:22:32
Priority:	Normal
Type:	Note

Dear Pedro and Jonathan,

Attached is a court order concerning the abortion request by a specific UAC in Texas. In compliance with the court's order, please inform Teresa and the shelter that the shelter should release the UAC to her state-appointed guardian or attorney ad litem tomorrow (October 19), for a pre-abortion counseling appointment and travel to and from that appointment (she should be returned to the shelter after that appointment), and Friday or Saturday (October 20 or 21) for the abortion procedure (she should be returned to the shelter after that appointment when her medical condition allows it). Please also instruct them they should not:

- interfere with or obstruct the UAC's access to abortion counseling or an abortion;
- require the UAC to reveal her abortion decision to anyone, nor should ORR staff or the shelter reveal it to anyone themselves; or
- retaliate against the UAC based on her decision to have an abortion.

Likewise, ORR shall not retaliate or threaten to retaliate against the contractor that operates the shelter where the UAC currently resides for any actions it has taken or may take in facilitating the UAC's ability to access abortion counseling and an abortion.

This instruction may change if an appeals court puts this court order on hold, but until we tell you that has occurred, assume that this requirement is in place.

Please let us know if you have any questions.

Sir,

Please see the chain of emails. Let us know if we should proceed with sending the FR Packet to the sponsor. In regards to proceeding past that we would wait for Senior Management to tell us on Monday if we should procced with coordinating finger print services, contact with the consulate if necessary, and arranging for PRS.

AMERICAN OVERSIGHT

Good Morning,

I'd like to provide the following brief update,

Please be advised, that I made contact with UAC's brother, (b)(6) unverified at this moment as proof of relationship is pending). Minor's brother, (b)(6), reiterated he intends on providing a fax number for care provider to forward FRA. According to (b)(6) (b)(6) he does not know his physical address, but understands that his mother reported he was in (b)(6) however, he wished to correct that information and reported he resides and works in (b)(6) In addition, (b)(6) stated he has a DIP (Documento de Identificacion Personal) from his home country of Guatemala. According to minor's brother he resides alone, he denies any other household members at this point, however he states it is very difficult for him to contact care provider and be available to complete sponsor assessment because he works (b)(6) days out of the week from (b)(6). He assured Program Director that he would text fax number and physical address this evening. I will follow up with minor's brother the evening of 10/21/17 to further discuss reunification process as due to time constraints minor's brother was not able to remain on phone call. Please note, on 10/18 assigned Case Manager received via email from minor's mother in home country a copy of minor's birth certificate and a copy of brother's DIP (GU Identification card), minor's mother stated she would work diligently on obtaining her son's (minor's brother's) birth certificate. Case Manager will reach out to minor's mother today, 10/21 in order to follow-up with request for brother's birth certificate so that formal proof of relationship may be established (all previously documents received to date have been uploaded to portal). According to assigned Case Manager (b)(6) she has only been able to make contact with minor's brother on two brief occasions, the longest contact was established on 10/18 and lasted approximately 20 minutes at which time Case Manager discussed family reunification process, fingerprint requirements, and probably home study. According to assigned Case Manager, minor's brother reported he did not know his physical address and shared that he was apprehensive about fingerprints and home study, but nonetheless he agreed to partake and complete all reunification requirements.

Please let me know if you have any questions or concerns regarding the update provided, I will gladly be of assistance, thank you.

Subject: Our call this AM.

Hi Teresa and (b)(6)

Please find a summary of our call.

Let's see what the brother or the person(s) with whom the brother is staying will do to comply with ORR reunification procedures. We can proceed to learn what the brother says about sponsorship. Please remember that neither ORR nor the program can tell anyone about the UAC's pregnancy status per the court order at this time—that part ***remains in force***.

To do this we should ask the brother about what documents he has to show proof of address, ID, and relationship. We also need to know if he has any criminal charges and if the believes that others in the household will allow for public record checks or fingerprint check if necessary. Last, will he be willing to proceed to provide all these things on Tuesday? If he is lacking documents etc then on we can ask the Guatemalan consulate to assist on Tuesday. Tuesday is the target day to proceed if approval is provided from ORR Senior Management.

Last bullet. We are just finding out if the brother will sponsor in a tight time frame. WE CANNOT proceed with the FRP steps listed above until Senior Management is informed about what you find out and they give us a go.

Scott Lloyd,

You're a "cabinet member" of a man who participates in child prostitution which funds abortions as well. That person is *rump who runs escort services a/k/a prostitution. Or did you think he was the ONLY casino owner in Vegas or New Jersey who didn't offer VIP (prostitution/sex escort) services or use escorts to "close deals"?
Does MeLayinYa *rump ring a bell?? This should remind you of her start or life accomplishment while actual First Ladies jumped rope or hopscotch as kids:
http://nypost.com/2016/08/01/melania-trumps-girl-on-girl-photos-from-racy-shoot-revealed/.
Pregnancies don't really fit into pornography or sex marketing/trafficking.

And then there's *rump's China sex escort services:
https://www.google.com/search?q=trump+china+sex+escort&oq=trump+chin&aqs=chrome.0.69i59j0j69i57j0l3.6513j0j8&sourceid=chrome&ie=UTF-8
-- Escort means the men (or women) are escorted right to bed for sexual services including from children.

I also personally know of a teen who was prostituted out of *rump Tower NYC. She was fired for poor and cheaper Euro girls whose travel visas could be controlled while paying the children less money with less risks. However, abortions were forced as pregnancies could be used to blackmail *rump's clients who relied upon discretion, including keeping sex acts with children a secret.

Unknown to this NYC teen after she was fired, she used the name of a phony corporation in *rump's name to apply for an NYC HPD apartment (employment history) after being tossed out of *rump Tower NYC where she engaged in sex acts for free room and board. That phony corporation caused red flags and led right to *rump, and the phony corporation is one of many falsities on *rump's tax returns and one of the many reasons *rump is refusing to publicly disclose his returns while claiming to be wealthy and calling others frauds, phonies, etc.

AMERICAN OVERSIGHT

Gee... if this teen is wrong, only one way to confirm this: *rump's tax returns for the past 2-decades. Ironic that *rump can hide his tax returns after forcing nation to witness his birther rants which led to forcing President Barack Obama to disclose his birth certificate PUBLICLY because of pure ignorance, while *rump himself was engaging in child prostitution and other degrading acts with degrading persons such as Jeffrey Epstein.
www.dailymail.co.uk/news/article-4164082/Pedophile-Jeffrey-Epstein-accused-new-sex-traffick-case.html

In case your selective pro-life memory kicks in again: Epstein was CONVICTED of soliciting minors for sex. One of which (or more than
disclosed) was raped by *rump, and subsequently filed a lawsuit against *rump. I wonder how many of those children were forced to have abortions for "client discretion"???

But please address the following:

1. Poverty is #1 child killer worldwide. Shouldn't this be your focus instead of pretending to be pro-life? Poverty related deaths happen AFTER the fetus is carried to term, or even while the fetus is still developing. Where are your "pro-life cries for help" for those countless and avoidable deaths which increase daily?

2. What are you doing to stop wealthy women who use abortion as birth control? Nothing, I'm quite sure of that as several wealthy women directly associated with you, *rump and his cabinet, and GOP members use abortion as birth control. Are wealthy stopped from flying to other areas/states including countries to have abortion(s) or fired from their jobs? NOPE! in fact, you're still associated with privileged abortion persons and their wealthy doctors at political functions. Does Hope Hicks use birth control? She's unwed and has "male partners". Or is she on the Bristol Palin Abstinence-Pregnancy Out of Wedlock Plan?

3. Israel allows abortion ON DEMAND. Yet US funds Israel.

Can the pro-life hypocrisy stop and allow the child being held in refugee resettlement camp have her abortion? #JusticeForJane

I will supporting any woman who wants to have an abortion especially because of the above 3 issues, and GOP's "budget" policies which do not provide proper healthcare for poor unborn, BORN babies, returning war veterans, elderly and terminally ill.

If you want to play God, do as God does: STANDS BACK AND ALLOWS PERSONS TO MAKE THEIR OWN DEMOCRATIC CHOICES. And THEN do what the U.S. Constitution states: SEPARATE CHURCH AND STATE. Your personal religious beliefs are not to be enforced upon others. Religion is a personal choice and path to take or NOT to take.

If you think you're God or doing any Gods' work, you're miserably failing. Unless your God is a god of pure evil, ignorance and hypocrisy, in which case you're succeeding in representing that god well.

Mr. Tota,

We heard the recent news stories about the young undocumented woman requesting an abortion. We would like to offer to adopt the child she is carrying, if she is willing to carry the baby to full term. Would you be able to direct our offer to her and to those who could help facilitate the adoption process if she is interested in pursuing this with us?

We have been married three and a half years, and have a son who is almost one. We hope to have more children in the coming years and feel that adoption would be another beautiful way to grow our family. We would be happy to share more information about ourselves and to go through the formal process of preparing for an independent adoption if she would be willing to consider us.

AMERICAN OVERSIGHT

We are grieved that this young woman feels trapped between incredibly difficult alternatives and we hope that adoption would be a chance for her to have a fresh start. Please let her know that we are praying for her in this challenging time.

Many thanks,

(b)(6)

Señor Tota,

Escuchamos las noticias recientes sobre la joven indocumentada que solicita un aborto. Nos gustaría ofrecer adoptar al niño que lleva, si está dispuesta a llevar al bebé a término completo. ¿Podría comunicarle nuestra oferta a ella y a aquellos que podrían ayudar a facilitar el proceso de adopción si ella está interesada en continuar con esto?

Hemos estado casados por tres años y medio, y tenemos un hijo que de casi un año. Esperamos tener más hijos en los próximos años y sentimos que la adopción sería otra forma hermosa de hacer crecer nuestra familia. Estaríamos felices de compartir más información sobre nosotros y pasar por el proceso formal de preparación para una adopción independiente si estuviera dispuesta a considerarnos.

Nos duele que esta joven mujer se sienta atrapada entre alternativas increíblemente difíciles y esperamos que la adopción sea una oportunidad para que tenga un nuevo comienzo. Por favor, hágale saber que estamos rezando por ella en este desafiante momento.

Muchas gracias,

(b)(6)

Dear Director Scott Lloyd and Attorney General Ken Paxton,

We are delivering the following letter and the accompanying signatures on behalf of Texans from across the state who demand the ORR allow pregnant girls to seek abortions

AMERICAN OVERSIGHT

and end the mandatory visits to anti-abortion crisis pregnancy centers.

You can download petition signatures here - https://progresstexas.actionkit.com/constituents/593.kV33rT/

Government-funded shelters are required by law to provide minors with access to the full range of medical care, including abortion. Jane Doe has obtained a judicial bypass for an abortion which allows her to consent to abortion care without the permission

of her parent or legal guardian. By forcing her to undergo anti-abortion counseling and informing her parent against her will, Mr. Lloyd, you have caused enough harm to this young woman. I demand that ORR authorize her travel to an abortion clinic so she can
receive the medical attention she needs as soon as possible.

I believe that Texas should be a safe sanctuary for children fleeing violence. They should not endure a journey and risk sexual assault only to find their human rights denied when they cross the Texas border. They should not be subjected to forced and deceitful

counseling. They should not be subjected to medically unnecessary gynecological exams against their will. They should not be held hostage until they agree with the religious beliefs that the state and federal government are trying to force upon them.

You are currently holding Jane Doe hostage to continue her pregnancy against her will. This violates her most basic human rights. ORR must allow this minor, and all other minors and immigrants in their custody, to access a full spectrum of medical care,

including abortion care.

Thank you

AMERICAN OVERSIGHT

http://nypost.com/2016/08/01/melania-trumps-girl-on-girl-photos-from-racy-shoot-revealed/.
Pregnancies don't really fit into pornography or sex marketing/trafficking.

And then there's *rump's China sex escort services:
https://www.google.com/search?q=trump+china+sex+escort&oq=trump+chin&aqs=chrome.0.69i59j0j69i57j0l3.6513j0j8&sourceid=chrome&ie=UTF-8
-- Escort means the men (or women) are escorted right to bed for sexual services including from children.

I also personally know of a teen who was prostituted out of *rump Tower NYC. She was fired for poor and cheaper Euro girls whose travel visas could be controlled while paying the children less money with less risks. However, abortions were forced as pregnancies could be used to blackmail *rump's clients who relied upon discretion, including keeping sex acts with children a secret.

Unknown to this NYC teen after she was fired, she used the name of a phony corporation in *rump's name to apply for an NYC HPD apartment (employment history) after being tossed out of *rump Tower NYC where she engaged in sex acts for free room and board. That phony corporation caused red flags and led right to *rump, and the phony corporation is one of many falsities on *rump's tax returns and one of the many reasons *rump is refusing to publicly disclose his returns while claiming to be wealthy and calling others frauds, phonies, etc.

Gee... if this teen is wrong, only one way to confirm this: *rump's tax returns for the past 2-decades. Ironic that *rump can hide his tax returns after forcing nation to witness his birther rants which led to forcing President Barack Obama to disclose his birth certificate PUBLICLY because of pure ignorance, while *rump himself was engaging in child prostitution and other degrading acts with degrading persons such as Jeffrey Epstein.
www.dailymail.co.uk/news/article-4164082/Pedophile-Jeffrey-Epstein-accused-new-sex-traffick-case.html

In case your selective pro-life memory kicks in again: Epstein was CONVICTED of soliciting minors for sex. One of which (or more than
disclosed) was raped by *rump, and subsequently filed a lawsuit against *rump. I wonder how many of those children were forced to have abortions for "client discretion"???

But please address the following:

1. Poverty is #1 child killer worldwide. Shouldn't this be your focus instead of pretending to be pro-life? Poverty related deaths happen AFTER the fetus is carried to term, or even while the fetus is still developing. Where are your "pro-life cries for help" for those countless and avoidable deaths which increase daily?

2. What are you doing to stop wealthy women who use abortion as birth control? Nothing, I'm quite sure of that as several wealthy women directly associated with you, *rump and his cabinet, and GOP members use abortion as birth control. Are wealthy stopped from flying to other areas/states including countries to have abortion(s) or fired from their jobs? NOPE! in fact, you're still associated with privileged abortion persons and their wealthy doctors at political functions. Does Hope Hicks use birth control? She's unwed and has "male partners". Or is she on the Bristol Palin Abstinence-Pregnancy Out of Wedlock Plan?

3. Israel allows abortion ON DEMAND. Yet US funds Israel.

Can the pro-life hypocrisy stop and allow the child being held in refugee resettlement camp have her abortion?
#JusticeForJane

I will supporting any woman who wants to have an abortion especially because of the above 3 issues, and GOP's "budget" policies which do not provide proper healthcare for poor unborn, BORN babies, returning war veterans, elderly and terminally ill.

If you want to play God, do as God does: STANDS BACK AND ALLOWS PERSONS TO MAKE THEIR OWN DEMOCRATIC CHOICES. And THEN do what the U.S. Constitution states: SEPARATE CHURCH AND STATE. Your personal religious beliefs are not to be enforced upon others. Religion is a personal choice and path to take or NOT to take.

If you think you're God or doing any Gods' work, you're miserably failing. Unless your God is a god of pure evil, ignorance and hypocrisy, in which case you're succeeding in representing that god well.

Subject: Adoption Request

Mr. Lloyd,

We heard the recent news stories about the young undocumented woman requesting an abortion. We would like to offer to adopt the child she is carrying, if she is willing to carry the baby to full term. Would you be able to direct our offer to her and to those who could help facilitate the adoption process if she is interested in pursuing this with us?

We have been married three and a half years, and have a son who is almost one. We hope to have more children in the coming years and feel that adoption would be another beautiful way to grow our family. We would be happy to share more information about ourselves and to go through the formal process of preparing for an independent adoption if she would be willing to consider us.

We are grieved that this young woman feels trapped between incredibly difficult alternatives and we hope that adoption would be a chance for her to have a fresh start. Please let her know that we are praying for her in this challenging time.

Many thanks,

(b)(6)

Señor Lloyd,

Escuchamos las noticias recientes sobre la joven indocumentada que solicita un aborto. Nos gustaría ofrecer adoptar al niño que lleva, si está dispuesta a llevar al bebé a término completo. ¿Podría comunicarle nuestra oferta a ella y a aquellos que podrían ayudar a facilitar el proceso de adopción si ella está interesada en continuar con esto?

Hemos estado casados por tres años y medio, y tenemos un hijo que de casi un año. Esperamos tener más hijos en los próximos años y sentimos que la adopción sería otra forma hermosa de hacer crecer nuestra familia. Estaríamos felices de compartir más información sobre nosotros y pasar por el proceso formal de preparación para una adopción independiente si estuviera dispuesta a considerarnos.

Nos duele que esta joven mujer se sienta atrapada entre alternativas increíblemente difíciles y esperamos que la adopción sea una oportunidad para que tenga un nuevo comienzo. Por favor, hágale saber que estamos rezando por ella en este desafiante momento.

Muchas gracias,

(b)(6)

To: ORR Director (ACF); Bena, Anna Marie (HHS/OGC) (ACF)
Subject:

Mr. Scott Lloyd and Ms. Anna Maria Bena,

The "Jane Doe" being denied an abortion in this article is a minor, and therefore was raped, as she was not of legal age to give consent for sex. And yet, you are forcing the trauma of unwanted pregnancy and birth on her with absolutely no regard to how it will affect her: http://www.npr.org/sections/thetwo-way/2017/10/20/559152061/appeals-court-sets-terms-for-abortion-for-teen-immigrant

Anyone who uses their power to force birth on women and girls should have to face the same consequences. They should first be forced to endure 9 months of nausea, weight gain, and fatigue inducing medication, 8 hours of contraction mimicking electric shocks, a 7.75# rubber baby doll pushed in and out of their pelvic bodily orifices until their organs prolapse and literally herniate out of their bodies, be denied the physical therapy that may help repair the damages, suffer permanent scarring from their chests down to their thighs, be committed to paying $304,480 over the next 18 years to someone else's life, take forced career setbacks, and take depression inducing medication for a year following the assault on their bodies. This will cover many common issues women face as a result of pregnancy and childbirth. To be really fair, we should make some of them "birth" twin dolls, others pay double, triple, or even more to account for special needs, as well as forcing some of them to choose a person in terror life they love dearly and know that person will have to suffer tremendous pain, knowing that they are the cause of it, bc they want to destroy others' rights to protect themselves, and even sometimes, suffering unborn babies. Still not anything compared to real life, but it's a start.

God does not want you to forcibly control others. You are not doing God's work. You are abusing your power. You are both in positions to affect positive change - look at the ramifications of your actions! If you continue to deny legal, safe abortions and force unwanted births, you are guaranteeing that many will suffer and die unnecessarily by seeking aboutions wherever they can, resulting in unsafe abortions.

AMERICAN OVERSIGHT

I respect my life and my body too much to ever put the law above myself, and I am teaching my children to do the same.

Jonathan,

Thank you for your prompt response to my call. I have looked over the documents and some of it is familiar. We are adoptive parents. Some of the documents seem to need another party to fill them out. I will try to reach you tomorrow first thing to go over a few questions. (b)(6) have our clearances required for PA to enable us to volunteer with kids. This should help with the timing.

Thank you,

PROCESS FOR APPLICATION TO SPONSOR UAC IN ORR CARE

ORR care provider facility staff contacts the potential sponsor following policies found at
2.2.1 Identification of Qualified Sponsors and
2.2.2 Contacting Potential Sponsors and sends the
Family Reunification Packet (found here) to the potential sponsor.

The potential sponsor completes the sponsorship process following policies found at
2.2.3 The Application for Release;

2.2.4 Required Documents for Submission with the Application for Release; and,

2.2.6 Additional Questions and Answers about this Topic.

Completing the sponsorship application process includes:

- Filing forms from the *Family Reunification Packet*, including a *Family Reunification Application*, submitting all required supporting documentation;

- Completes a background check; household members completes background checks (if required) following relevant policies found at
Section 2.5.1 Criteria for Background Checks; and,

AMERICAN OVERSIGHT

- Agreeing to a home study, if applicable (see, section 2.4.2 Home Study Requirement, for more information concerning which cases receive home studies).

The ORR care provider simultaneously completes the assessment process, which includes:

- Interviews of the potential sponsor, the child and other family members;

- Completion of clinical and case management assessments (such as the UC Assessment and UC Case Review); and,

- Any additional information, specific to the case, as needed.

Once the application and assessments are complete, the release recommendation process starts.

The ORR care provider, case coordinator and if applicable, home study case worker, review all assessments/interviews, publicly available background check information, and submit their release recommendations to the ORR/Federal Field Specialist. For more information on the review process see policies at 2.7 Recommendations and Decisions on Release, specifically policies from 2.7.1 through 2.7.6. If the case requires FBI background check and CA/N check results, that information is reviewed by the ORR/FFS directly, see 2.5.2 Results of Background Checks on Release Decisions for more information.

ORR considers the following factors at

section 2.4.1 Assessment Criteria when evaluating family members and other potential sponsors:

- The nature and extent of the sponsor's previous and current relationship with the child or youth and the unaccompanied child's family, if a relationship exists.

AMERICAN OVERSIGHT

- The sponsor's motivation for wanting to sponsor the child or youth.

- The unaccompanied child's parent or legal guardian's perspective on the release to the identified potential sponsor (for cases in which the parent or legal guardian has designated a sponsor).

- The child or youth's views on the release and whether he or she wants to be released to the individual.

- The sponsor's understanding of the unaccompanied child's needs, as identified by ORR and the care provider.

- The sponsor's plan to provide adequate care, supervision, access to community resources, and housing.

- The sponsor's understanding of the importance of ensuring the unaccompanied child's presence at all future hearings or proceedings, including immigration court proceedings.

- The linguistic and cultural background of the child or youth and the sponsor, including cultural, social, and communal norms and practices for the care of children.

- The sponsor's strengths, resources, and mitigating factors in relation to any risks or special concerns of the child or sponsor, such as a criminal background, history of substance abuse,
mental health issues, or domestic violence and child welfare concerns.

-

AMERICAN OVERSIGHT

The unaccompanied child's current functioning and strengths in relation to any risk factors or special concerns, such as children or youth who are victims of human trafficking; are a parent
or are pregnant; have special needs, disabilities or medical or mental health issues; have a history of criminal, juvenile justice, or gang involvement; or a history of behavioral issues.

Dear (b)(6)

Thank you for the message.

Please direct the program to take the following steps:

1) Confirm pregnancy with OB/GYN according to standard operating procedure.

2) If further tests confirm pregnancy, the parents must be notified of the pregnancy. Either UAC or the program should notify parents, according to the UAC's preference.

3) Please report back when the program has completed these steps.

Thank you,
Scott

Subject: [WARNING : MESSAGE ENCRYPTED] Inquiry Regarding Request for Heightened Medical Service FW: Report of Significant Incident Addendum Event# (b)(6)
Importance: High

Good Afternoon,

Please be advised, IES LF Shelter has a new arrival 17-year-old female UAC (. XXX-XXX-(b)(6) from Guatemala in care (DOE (b)(6) 17) whom today (10/23/17) advised assigned Clinician that she wished "to take a pill to get rid of baby" directly implying to the Clinician that UAC does not wish to proceed with pregnancy. According to what UAC shared with assigned Clinician, the UAC explained her thoughts stating "she is too young, she does not have the resources to care for a child, she is afraid her family will be angry and that she and her family cannot deal with something like this at this time". Please note UAC's initial medical screening was completed on Friday, October 20th, 2017, an HCG test indicated UAC is pregnant. The pregnancy has yet to be confirmed by obstetrician, initial OB/GYN appointment is scheduled for 10/27/17 at 2:30 p.m. Please note, the primary care physician is not aware of minor's thoughts on this matter and has issued a referral to OB/GYN for standard prenatal care. According to UAC, she was not aware she was pregnant when she departed from home country and she does not wish to disclose pregnancy with her family

AMERICAN OVERSIGHT

or sponsor. Minor reported she was raised by her mother in Guatemala and is not familiar with her biological father.

Based on limited available information, the minor is less than (b)(6) weeks pregnant, she traveled from Guatemala with her adult sister and her sister's child. Upon apprehension, UAC was separated from her adult sister and her adult sister remains in DHS custody. The UAC's point of contact is her brother-in-law, (b)(6) (b)(6) whom currently resides in Idaho. The UACs plan was to travel to (b)(6) alongside her adult sister and to unite with her sister's husband, (b)(6) (b)(6) whom currently resides in (b)(6) At this time care provider has not received documentation from potential sponsor (brother-in-law) to formally prove relationship with UAC. However, assigned Case Manager has made contact with UAC's brother-in-law, the FRA has been forwarded and he has verbally agreed to the terms and conditions of sponsoring UAC. (b)(6) (b)(6) (minor's brother-in-law) has agreed to comply with all reunification requirements and provide all necessary documentation to move forward with reunification process. Care provider will ensure to provide sponsor with the support needed to facilitate the reunification process, at this time the UAC denies any history of abuse, neglect or mistreatment. There are no indicators or concerns of a history of trauma. At time, UAC has not attended Know Your Rights Presentation and is pending initial legal screening, these services are scheduled to take place tomorrow, October 24, 2017.

Care provider has not reached out to any community medical providers regarding minor's inquiry, no follow up appointments and/or information regarding the subject matter of minor's inquiry has been nor will be issued to UAC unless authorization is granted by ORR. This information will be elevated to designated ORR FFS and a Significant Incident Addendum (Event# (b)(6) has been submitted with regards to UAC's inquiry. Please advise on how to proceed should UAC continue to request information regarding this very specific heightened medical service, thank you, we will wait for further guidance.

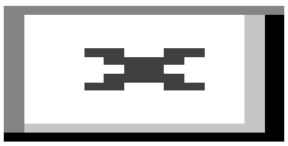

Please note, due to the sensitive nature of this information, it is my intention to ensue ORR officials are made aware of this emerging matter promptly. Please let me know if there are any questions or concerns regarding the information provided, I will gladly be of assistance.

*Password to follow, thank you.

PROCESS FOR APPLICATION TO SPONSOR UAC IN ORR CARE

ORR care provider facility staff contacts the potential sponsor following policies found at

2.2.1 Identification of Qualified Sponsors and
2.2.2 Contacting Potential Sponsors and sends the
Family Reunification Packet (found here) to the potential sponsor.

The potential sponsor completes the sponsorship process following policies found at

AMERICAN OVERSIGHT

2.2.3 The Application for Release;

2.2.4 Required Documents for Submission with the Application for Release; and,

2.2.6 Additional Questions and Answers about this Topic.

Completing the sponsorship application process includes:

- Filing forms from the *Family Reunification Packet*, including a *Family Reunification Application*, submitting all required supporting documentation;

- Completes a background check; household members completes background checks (if required) following relevant policies found at Section 2.5.1 Criteria for Background Checks; and,

- Agreeing to a home study, if applicable (see, section 2.4.2 Home Study Requirement, for more information concerning which cases receive home studies).

The ORR care provider simultaneously completes the assessment process, which includes:

- Interviews of the potential sponsor, the child and other family members;

AMERICAN OVERSIGHT

- Completion of clinical and case management assessments (such as the UC Assessment and UC Case Review); and,

- Any additional information, specific to the case, as needed.

Once the application and assessments are complete, the release recommendation process starts.

The ORR care provider, case coordinator and if applicable, home study case worker, review all assessments/interviews, publicly available background check information, and

submit their release recommendations to the ORR/Federal Field Specialist. For more information on the review process see policies at
2.7 Recommendations and Decisions on Release, specifically policies from 2.7.1 through 2.7.6. If the case requires FBI background check and CA/N check results, that information is reviewed by the ORR/FFS directly, see
2.5.2 Results of Background Checks on Release Decisions for more information.

ORR considers the following factors at

section 2.4.1 Assessment Criteria when evaluating family members and other potential sponsors:

- The nature and extent of the sponsor's previous and current relationship with the child or youth and the unaccompanied child's family, if a relationship exists.

- The sponsor's motivation for wanting to sponsor the child or youth.

AMERICAN OVERSIGHT

- The unaccompanied child's parent or legal guardian's perspective on the release to the identified potential sponsor (for cases in which the parent or legal guardian has designated a sponsor).

- The child or youth's views on the release and whether he or she wants to be released to the individual.

- The sponsor's understanding of the unaccompanied child's needs, as identified by ORR and the care provider.

- The sponsor's plan to provide adequate care, supervision, access to community resources, and housing.

- The sponsor's understanding of the importance of ensuring the unaccompanied child's presence at all future hearings or proceedings, including immigration court proceedings.

- The linguistic and cultural background of the child or youth and the sponsor, including cultural, social, and communal norms and practices for the care of children.

- The sponsor's strengths, resources, and mitigating factors in relation to any risks or special concerns of the child or sponsor, such as a criminal background, history of substance abuse,

AMERICAN OVERSIGHT

mental health issues, or domestic violence and child welfare concerns.

- The unaccompanied child's current functioning and strengths in relation to any risk factors or special concerns, such as children or youth who are victims of human trafficking; are a parent
or are pregnant; have special needs, disabilities or medical or mental health issues; have a history of criminal, juvenile justice, or gang involvement; or a history of behavioral issues.

I figured as much. Thanks for the heads up, Jonathan.

Btw…I don't share a lot with Comms…. ☺

To: Bartholomew, Michael (ACF); De LA Cruz, James (ACF)

Subject: Update needed: TOP case

Importance: High

Michael/Jim:

Please provide me today (ideally by noon, but let me know what's possible) with an update or status to date of the pregnant UAC at IES (not the one in Court case, the new one identified this week) expressing interest in TOP. Dates of scheduled appointments, etc, very useful. I'll be tasked by Scott and/or OGC for a full update today and I want us to be ready for that so it's less of a fire drill.

AMERICAN OVERSIGHT

Subject: New UAC want TP

2017

Hi (b)(6)

AMERICAN OVERSIGHT

In regards to the new UAC (b)(6) XXX-XXX(b)(6) wanting to terminate her pregnancy (I think that she is about(b) weeks pregnant) please send a status update in regards to:

1. UAC request to terminate her pregnancy.
   UAC has specifically requested "a pill to stop or get rid of pregnancy" on two occasions, once to assigned Clinician and another time to Medical Coordinator. On both occasions minor was in distress and crying stating "she did not want to be pregnant and that her family would be angry with her".

2. Any appointments so far scheduled for this UAC.
   UAC initial OBGYN appointment with (b)(6) is scheduled for Friday, Oct 27th. The initial appointment is standard procedure, as pregnancy must be confirmed by OBGYN, at this time pregnancy has not been confirmed by OBGYN. Please note (b)(6) is the OBGYN for all pregnant females in-care across IES programs. Care provider will not share minor's request with OBGYN unless otherwise directed to do so by ORR. However, it is our understanding that UAC may chose to inform the provider and care provider will not interfere if UAC so chooses to inform the physician. Care provider will be sure to provide detailed summary of initial OBGYN visit to ORR.

3. If no appointments are scheduled are any proposed and where?
   Please see response to #2

4. Also any questions, requests that the UAC might have regarding any aspect of her request to terminate.
   Although, UAC has made two separate statements indicating she wishes to "not be pregnant, and wants to take a pill to make pregnancy go away". Care provider staff (clinical or medical) have not directly addressed or assessed those remarks by UAC . Care provider response to UAC has been supportive, however, clinical and medical staff will not engage in any sort of "options counseling" unless otherwise authorized to do so. Basically, staff listen, validate UACs statements and assist her in coping with her current situation, staff also reassure UAC that her statements/request will be routed accordingly on her behalf. Please note that since care provider elevated UACs remarks to ORR HQ and received guidance from ORR Director on how to proceed, we are currently fulfilling step one, which was to follow through with OBGYN appointment to confirm pregnancy. Care provider Clinician and Medical Coordinator are collaborating in order to prepare UAC for her visit to OBGYN, this session will solely consist of informing UAC what will occur during initial OBGYN appointment. In addition, we will also be sure to encourage her to communicate with her mother in home country and explain that once pregnancy is officially confirmed by OBGYN she would need to inform her mother or care provider may inform her mother on her behalf. At this point UAC has voiced that she does not wish to inform her family, not her mother or her sponsor (brother-in-law). As of yesterday, care provider has not received FRA or supporting documents, it is also our understanding that her adult sister and niece/nephew remain in DHS custody.

   Please let me know if you have any addiitonal questions, I will gladly assist, thank you.

Subject: requesting comment from The New Yorker Magazine (on deadline)

Dear Ms. Yoest,

I'm a reporter with The New Yorker Magazine, and I'd like get your comment on a story I'm doing, on deadline, about a senior official at HHS. Her name is Margaret Wynne, and my information comes
from a number of her former colleagues. My story is about the recent positions taken by O.R.R. with regard to abortions.

AMERICAN OVERSIGHT

Below are the details I plan to include in my piece. I welcome any comments, clarifications, or corrections you may have.

Thanks for your time.

Best,

Jonathan Blitzer

—

Jonathan Blitzer

Staff Writer

The New Yorker

1 World Trade Center, 38th Floor

New York, NY 10007

212.286.4215 (office)

(b)(6) (cell)

-Margaret Wynne has worked at H.H.S. for more than a decade, under the Bush and Obama Administrations, in a range of different positions.

-One of those positions was the director of its anti-trafficking program.

-She is currently the Counselor for Human Services Policy at H.H.S.

AMERICAN OVERSIGHT

-Ms. Wynne once worked at the Knights of Columbus.

-She helped lead the transition team at H.H.S. in the late fall of 2016.

-According to flight manifests, Ms. Wynne was on some of the private chartered planes that former Secretary Price took while head of HHS.

-During the presidential transition, appointees from the previous administration—which included all of the heads of H.H.S. offices—weren't invited to meetings.

-Only the career bureaucrats were invited, which many former members of the office described as unusual.

-Former colleagues described Ms. Wynne as strongly pro-life and ideological in the performance of her job at the agency.

-As the director of the trafficking program at O.R.R., Ms. Wynne oversaw a team of social workers who assessed the eligibility of victims to get temporary health benefits while their legal cases
were being adjudicated.

-According to former colleagues, she often did not trust the stories of these individuals when they were represented by lawyers because she thought lawyers were coaching them on how to get the
benefits.

AMERICAN OVERSIGHT

-According to former colleagues, any time an individual's story changed, she assumed that person was lying.

-According to former colleagues, Ms. Wynne frequently looked for contradictions in the accounts of victims requesting benefits.

-When Ms. Wynne's office rejected a victim's request, an appeal generally followed, which caused a large backlog of cases that O.R.R. leadership had to clear.

-In 2011, the Obama Administration created new criteria for O.R.R. grants: if an aid organization refused to offer complete medical care to the minors in its custody at a shelter, it would receive
a lower score on its grant application to obtain funds from O.R.R.

-A confidential government document outlining the new grant criteria was shared with Republican Congressman Darrel Issa.

-Several H.H.S. staffers claim that Ms. Wynne was responsible for sharing that memo with Issa.

-Ms. Wynne left H.H.S. in 2016 after repeated clashes with members of the Obama Administration.

-She rejoined the agency in January, 2017.

-In the early months of the new year, staffers at O.R.R. reported to her.

AMERICAN OVERSIGHT

-In March, a memo circulated at O.R.R. with the subject line "custodial decisions to preserve the health of a pregnant UAC."

-Subsequent emails circulating at ORR indicated that shelters “should not conduct procedures, or take any steps that facilitate future procedures such as scheduling appointments, transportation,
or other arrangements."

-One former HHS official with knowledge of the office maintains that Ms. Wynne was responsible for these policies before Scott Lloyd took over as director O.R.R.

e. Nearing the end of TB contact investigation at SWK Campbell (60+ contacts)

f. Nearing the end of TB contact investigation at New Leaf (20+ contacts)

g. Nearing the end of TB contact investigation at Crittenton (14 contacts)

h. Coordinating varicella contact investigations, as needed -- contacts in various ORR shelters from exposure while in CBP custody.

i. Continuing to consult on complex medical cases/provide medical quality assurance.

j. Reviewing alerts generated from the UAC Portal Medical Module (abnormal CXR results, TB labs, ER w/ hospitalization visits, quarantine/isolation, etc.)

k. Continuously correcting reports in the UAC Portal, providing TA to care provider programs

l. Running point on surge-related health activities, as requested

m. Working on a series of disease-specific SOPs for standardized response in shelters

n. Connecting children to post-release specialized medical care

o. Continuing to track diseases of public health significance

p. Notifying states of diseases of public health significance diagnosed in UC

q. Finalizing OMB/PRA packet for standardized medical forms

r. Preparing reports for UAC monitoring team on medical audits for site visit

s. Following up/closing out old TB work-up cases

5. Emerging Issues and Opportunities

a. Follow-up meeting held (September 18) with CDC (initial meeting Aug 10) to continue discussions on recently released recommendations to Zika testing and surveillance and determine the impact to ORR/DHUC and the UAC patient population; DHUC recommendations distributed to leadership-pending review

AMERICAN OVERSIGHT

b. Discussing with CDC on the possibility restarting a stalled collaborative project involving violence exposure among UAC-preliminary meeting held on October 23, 2017

c. Vaccine Coverage among UAC population in ORR care: DHUC continues to work in collaboration with stakeholders in determining data trends for this analysis

d. Educational efforts: DHUC Staff developing new program onboarding curriculum.

e. Responding to pregnancy related requests

6. • **Congressional Activities**

7. • **Other Items of Note**

- Zika virus disease-related activities:

a. Mosquito Control Initiatives: guidance messaging related to mosquito control inspections of programs during August distributed; adherence is being reported and corrective actions are being implemented;

b. • An infant was born 5 days after his mother's referral to ORR care; the newborn has laboratory evidence of Zika virus infection. DHUC is pending information from the TX DSHS on the case classification and whether this will be counted as congenital Zika virus disease (laboratory evidence of infection + clinical evidence of congenital anomalies) or Zika virus infection (laboratory evidence of infection, but no clinical evidence of congenital anomalies). Zika test results for the mother are pending. Mother and child have been reunified in Texas with Post-Release Services.
c. • Continuing to touch base as needed with CDC as needed
d. • Finalizing Zika virus SOP for UC Ops Guide
e. • Notifying released UC/sponsors about Zika results
f. • Zika virus line list (no change from previous report):

Zika Virus Disease, confirmed and probable cases [1]
Total confirmed cases: 1
Total probable cases: 2

-

AMERICAN OVERSIGHT

Laboratory tests compatible with Zika virus infection [2]
Total count: 7

-

Laboratory tests compatible with Flavivirus infection, not otherwise specified (NOS) [3]
Total count: 34

-

Pending case classification [4]
Total count: 5

-

1 Reported symptoms, including past symptoms that have since resolved, AND laboratory tests compatible with Zika virus infection (confirmed), or Flavivirus NOS (probable). Currently, only cases who meet the confirmed or probable Council of State and Territorial Epidemiologist Case Definition are reported on the CDC website.

2 No symptoms, but laboratory tests compatible with recent Zika virus infection. Currently not reported on the CDC website.

3 No symptoms, but laboratory tests compatible with Flavivirus NOS infection (i.e., inconclusive test results; could be Dengue). Currently not reported on the CDC website.

4 4 Pending more information about state and CDC classification of case.

8. • **Pending Clearance items and Monitoring Reports**

Subject: Update on pregnant UAC?
Importance: High

Teresa/Jallyn,

Would you please update me on the latest in reunification progress for the UAC at IES LF who is currently pregnant and expresses interest in TOP? Appreciate latest on OBGYN appointment outcomes, discussion with her mother, and especially on reunification. If you could provide by 10AM Central time Tuesday would be very helpful.
